Street Committee Recommends a Loan of \$25,000

To Pave Middlesex Street—Would Rename Wigginville Concord Heights—Other Matters Were Considered

The street committee, last evening at its meeting voted to change the name of Wigginville to Concord Heights.

Councilman Wilde has been advocating the matter for some time on the authority of a petition signed by 100 residents of the district. Recently a public hearing was held on the matter and an opinion was received from the city solicitor advising against the change of name on account of the confusion that it would cause.

Councilman Wilde, however, moved that the name be changed and Councilman Bourdieu seconded the motion. Alderman Wilder and Councilman Baldwin were opposed.

Chairman Wilder asked just what Wigginville included. Mr. Wilde informed him that it was the section newly annexed to the city of Lowell and called Wigginville, the boundaries of which could not be clearly defined. He said that the old name would gradually die out, and he felt sure that the Boston & Maine railroad would be willing to change the name of the burgh at its station; also, that the Boston & Northern Street Railway company would change the signs on its cars providing the city council voted to change the name of the section.

Alderman Butterworth suggested that the district be called "Wildville" while Supt. Morse thought that "Wild Wigginville" would be better. Supt. Morse said that the railroad bridges in Wigginville was a menace to public safety. A great deal of the fire

apparatus could not get under the bridge, and in winter it was barely possible for a back to go there. He said that something should be done immediately, inasmuch as the section is now a part of the city.

MIDDLESEX STREET PAVING.
The loan order recommending the borrowing of \$25,000 for the paving of Middlesex street from Central street to Garnet street on Middlesex street, with Belgium block paving like that laid on the lower part of Central street was considered. Supt. Morse favored the use of the paving. He said that the sum of \$25,000 would pay for the widening of the sidewalks on the northerly side of Middlesex street. The sidewalks would be made about nine feet in width. There would have to be a slight change in grade, a matter of four inches or so. It was voted to recommend the passage of the order.

The matter of a gravel bank was discussed and Supt. Morse was opposed to the purchase of the Carney property in Pawtucketville on account of its distance from the center of the city. The price, he said, is perfectly fair. He advocated the purchase of gravel at a bank beyond the Bartlett bank and stated that he would get a price from the owner by Saturday.

On the question of oiling the streets, Supt. Morse said that the owner of the oil company in question, or the agent, had written to him and had named the price of three cents per square yard for putting the oil on the streets. He favored a demonstration of the value of the oil on Andover or High streets. He also mentioned a trip of the committee to Malden, where a demonstration will be given on Thursday. The committee voted to go to Malden on that day.

BLIGHTED LOVE

Blamed For Suicide of Young Man

MERRITT McARTHUR SHOT HIMSELF

Woman He Loved Lives in Waltham

BOSTON, July 14.—Merritt A. McArthur, 25 years old, unmarried, a lodger in the house 222 Princeton street, East Boston, committed suicide in his room some time between 6.30 yesterday morning and 6.45 yesterday afternoon by shooting himself in the head. Despondency over a love affair is believed to have been the cause of the young man taking his life. He was a native of Amherst, N. S., where his father, Artemas McArthur, now resides, and it is said that the youngest McArthur was in love with a young woman of that place who recently came to live in Waltham.

It is said that Mr. McArthur was engaged to be married to her about two years ago, but a quarrel ensued, and since then he had become despondent. He roomed with Robert W. Lyle, and

the latter stated last night that on several occasions of late he had known that McArthur brooded considerably over his love affairs, and that whenever his mind was in that state he drank heavily.

McArthur was employed at an automobile garage on Hawkins street in the West End as a car washer, and he worked as usual Sunday night. Yesterday morning about 6.30 he came to his room at the Princeton street house and that was the last that was seen of him alive.

Robert P. Lyle, the 15-year-old son of Mr. Lyle, went to McArthur's room to call him for supper and on opening the door saw McArthur lying on the floor in a pool of blood. McArthur had fired one shot which took effect in the temple. Death was probably instantaneous. The body was removed to the North Grove street morgue.

DALLAS, Tex., July 14.—With the air tempered by last night's storm to the south, Dallas streets yesterday took on the proper aspect of the reunion and the annual convention of the Benevolent and Protective Order of Elks that began formally last night. Throughout the day and evening the streets were lined with marching clubs and brass bands. Yesterday afternoon nearly a thousand persons sat down to a typical southern dinner in Machinery hall, at the Fair grounds, given to members of the grand lodge and members of their families.

Last night, in the Fair grounds auditorium the first formal function was held.

William H. Atwell, past exalted ruler of Dallas lodge and chairman of the executive committee, delivered the address of welcome on the part of the executive committee.

Sen. Charles A. Culberson, Mayor Stephen Hanna of Dallas, John H. Kirby, president of the Texas association, and Governor Campbell of Texas also delivered welcoming addresses. John Tener, grand exalted ruler of Charleston, Pa., presided on the part of Elksdom.

Detroit and Los Angeles are apparently the only two aspirants for the 1909 convention.

In almost every place where a banner can be stuck up there appears a big sign, "Life is worth living in Detroit," and in addition each representative of that city is talking of its advantages.

OUTLAWS KILLED

Constabulary Attacked and Stormed Cota

TWO GUNS WERE CAPTURED

Lieut. Burr Was Slightly Wounded

MANILA, July 14.—Lieuts. Burr and Whitney commanding a detachment of the constabulary, attacked and stormed Cota, on the island of Mindanao which was occupied by the outlaw Uyan on Friday last. Fourteen of the outlaws were killed and two guns captured. Lieut. Burr was slightly wounded and one private was seriously wounded.

RESCUED THREE

Haverhill Man Proved Himself a Hero

HAVERHILL, July 14.—John and James Ganuin of Dexter street and William Cummings of Driscoll street, boys, were rescued from Little river by Cornelius Kelleher who made two trips from shore, fully dressed. It was several hours before they were thoroughly resuscitated. The boys were swimming at the big tree on Little river and started for a small island up stream. On the return trip Cummings was seized with cramps and sank. The Ganuin boys turned to his assistance and both soon sank also. Kelleher swam quickly to the two young boys, took one by the neck and the other on his back and made his way to the shore. On being told of Cummings, he returned to the water and found him at the bottom of the river.

KILLED HIS WIFE

Miser Husband Then Shot Himself

ST. LOUIS, July 14.—Just as a Magyar gypsy in Hungary 20 years ago prophesied, Mrs. Eva Martini was shot and killed by her husband, Max Martini, in their home at 2311 Thrush avenue, yesterday. Martini then turned the revolver on himself and died instantly. Martini was 28 years old and his wife, tall, dark-eyed and brown-haired, two years younger. Although his wages were ample for the support of his family in their modest home, he was known to all who knew the Martinis as a man of miserly disposition.

Little Irene said her father killed her mother and himself because Mrs. Martini bought a house gown last week. "It only cost 90 cents," the child said, "and mama made it all herself. When papa found out about the dress he was awful mad and he fussed at mama all day Sunday and I heard him tell her he was going to kill her."

PLYMOUTH FIRE

The Town Was Seriously Threatened

PLYMOUTH, Mass., July 14.—This town was seriously threatened by forest fires yesterday and the entire fire department, with the exception of one hose reel left to guard the centre of the town, where they saved the outlying buildings only after heroic work was called out. Almost a panic was felt in the town.

Last night the town was filled with dense smoke, lit up by the lurid gleams of the fire barely held in check on the outlying village streets.

The fire first became dangerous at noon, when, fanned by a brisk north-west wind, it approached the town from near the Kingston line. All the water in the cisterns have been exhausted by the bucket brigade, but their efforts were successful, for the fire went along the rear of the settlement, taking up back fences, barns, and outbuildings.

From Cambridge the flames swept down Royal street. At this point the engines were called out and were down the houses.

When here the flames worked about summer street, threatening several large country houses and working towards Morton Park, a 200-acre golf reservation. Here again the fire fighters were successful in keeping the flames from the houses.

NEW COURT OF FRENCH FORESTERS ORGANIZED IN LYNN.

J. H. Guillet, supreme chief of brother of the French-American Foresters, instituted a new court of the order at Lynn Sunday night. The new court will be known as Cour Nationale.

QUEBEC LEADER

Is Accused of Bringing Alien Workers Here

BOSTON, July 14.—Charged with violating the alien contract labor law by providing employment in mills for two French Canadians, Hermasie Belisle, a political leader in the Province of Quebec, was held in \$1500 bonds for a hearing on July 19 by United States Commissioner Hayes yesterday.

As it involves the legal problem of whether an agreement equivalent to a contract or a verbal contract can be considered a violation of the law, the case will be of great interest and importance.

Inspector John W. Dolan, who arrested Belisle, felt satisfied that the law had been infringed upon, but Belisle declared that without documentary evidence against him he was within his rights. Numerous other such perplexing questions are involved.

Under detention at the immigration headquarters are May Campbell and a tall, athletic youth, Oreste Copran. Both are French Canadians, and came to the United States two weeks ago from the Province of Quebec.

They had no difficulty in passing the inspectors on the train. When asked pertinent questions about why they were coming to Uncle Sam's dominions they answered in such a straightforward way that they could not be suspected of violating the law.

It is alleged that immediately upon their arrival in Manchester, positions were ready for them. Manchester is a mill hamlet near Worcester, inhabited chiefly by alien workmen.

When asked how he happened to hit upon the two young French Canadians, who they made no complaints, Inspector Dolan was reticent, but he pointed out to a reporter Belisle's record.

Belisle is at present under \$1000 bail, secured two months ago on an indictment charging him with illegally importing several French families from Canada and locating them in Massachusetts mills.

He is 50 years old, and has become wealthy from the grocery business. He intends to fight the case, as he pleaded not guilty when arraigned by the United States commissioner yesterday. The developments of the case will be carefully watched, especially by labor unions.

FAIR TRAVELER GIRL PROPOSED

Was Met at Docks by Sleuths AND PLACED UNDER ARREST

Charged With Being a Fugitive From Justice

BOSTON, July 14.—Decked out in the very latest fashions of London, her wealth of fair hair surmounted by a dazzling English adaptation of the Merry Widow, trimmed in crimson, Miss Kate Foley, known to the passengers on the Cymric as Annie Henry, was confronted at the docks of the Clyde line yesterday morning by two headquarters detectives, charged with being a fugitive from justice.

Accompanying the detectives was Assistant Immigration Commissioner Hurley.

Miss Foley was marching down the gangway when Detectives Wolf and Loughlin drew her to one side and asked if she were not Kate Foley of Boston, England.

The young woman indignantly said: "You have made some mistake. My name is Henry."

She was moving away when one of the headquarters men laid his hand on her shoulder. "I am afraid we have made a mistake," he said. "We have a warrant for your arrest. You are Kate Foley, charged with the theft of \$240 from your employer, Bertha Heathcote, of Farnsworth, England."

"The woman maintained such a dignified manner that the detectives were almost convinced that they had made a mistake."

While the detectives were arguing and plying her with questions that only convinced them that they were wrong, Assistant Commissioner Hurley slipped away. Then he snatched back.

"Why, hello, Kate," he exclaimed. "What is the matter?"

"Thinking that he was an old acquaintance, the woman in her confidence to him poured out her troubles, incidentally admitting to him her identity."

She became indignant when she learned that Mr. Hurley was a government official. Headquarters she openly admitted her identity, the officials say. They state that she mentioned having worked for families in the Berk Bay, Brookline and New Haven, but would give no addresses.

FIRE UNDER CONTROL

It Swept Over 1800 Acres in West Greenwich

PROVIDENCE, July 14.—Heroic work on the part of scores of men proved successful last night in gaining the master hand and this morning the forest fire which has swept over about 1800 acres in West Greenwich is under control and practically extinguished. It was the most extensive fire in twelve years in this section but the same territory has been burned over so often in the past that the actual property loss is comparatively small.

FOREST FIRES

ARE STILL BURNING IN HANCOCK COUNTY.

ELLSWORTH, Me., July 14.—Hancock county has not escaped the forest fires which are devastating large sections of timber land throughout the state. Near North Bluehill a fire has been raging for two weeks and al-

ready has burned over 1000 acres of valuable woodland. The selectmen of Bluehill have a large crew of fire fighters at work night and day but have not succeeded in checking it. Several houses are threatened. Small fires are reported from the vicinity of Franklin, Green Lake, West Tremont, and Salisbury Cove in this county.

SLIGHT SHOWERS

HELPED FIREMEN IN BATTLE WITH FLAMES.

PLYMOUTH, July 14.—Hard work of the volunteer fire fighters aided by several slight showers early today, saved the buildings and forests in the West Central district of the town from being leveled to the ground. The fire swept along through the woods in a zig zag fashion for fully four miles, spreading out in most places a mile or so in width. The fire at 10 a. m. today was still burning in spots but was believed to be under control.

BODY EXHUMED

Officials Think Woman Was Poisoned

PATERSON, N. J., July 14.—The body of Mrs. Fannie Tapack was exhumed yesterday afternoon from the Vermulden cemetery, Bergen county, and taken to a morgue in this city, where an autopsy was performed by County Physician Armstrong of Passaic. Dr. Victor Bullen of Paterson and Dr. Samuel Silverstein of New York city. The stomach and intestines were taken to Bellevue hospital, New York.

It is believed that a definite report will not be made for a week or ten days. Mrs. Tapack died on Saturday last at 2 o'clock in the morning and was buried at 2 in the afternoon. She was insured for \$5000 not more than eight months ago by her son Louis, who is out on \$3000 bail pending appeal from a three-year sentence for robbery. In the insurance policy Mrs. Tapack's age is given as 55. It is supposed that she was nearer 70 when the policy was issued.

Louis Tapack said yesterday that the quick burial of his mother was due to the fact that no funerals can be held on Sunday in Paterson, owing to the fact of the Coach Drivers' union and because it is the custom of the Jews to bury their dead on the day following death. The family does not fear an investigation, the son says.

DEFIES THE POLICE

Man Who Shot Another Has Barricaded His Home

BENTON HARBOR, Mich., July 14.—After having shot and fatally wounded James Kirk, August Gross yesterday barricaded his home and now is standing off an armed posse which seeks to capture him. Gross is known to have firearms. Kirk who is 50 years of age is a country meat peddler. He drove into the Gross yard to make a delivery and Gross attacked him without warning. Kirk was shot through the head. Gross then took refuge in his home and has denied the officers. Kirk is unconscious and the cause of the shooting cannot be learned.

BOMB WAS THROWN

An Attempt to Assassinate Major McClaughery

LEAVENWORTH, Kas., July 13.—Local authorities are mystified over an explosion that occurred late Sunday which some persons ascribe to the throwing of a bomb at Major R. W. McClaughery, warden of the federal prison at Fort Leavenworth. No one was hurt. While Major McClaughery was passing along Cherokee street in a vehicle in which were seated besides himself his son William and the driver, there was a terrific explosion immediately opposite the right front wheel of the wagon. All were stunned and one of the mules drawing the vehicle was killed by flying pieces of metal. Today Major McClaughery and chief of police say they were unable to explain the explosion. A prisoner who was driving a prison wagon following that of Major McClaughery asserts that he saw a bomb thrown from a second story at the warden's vehicle when it passed but no trace of such a missile was found and a motive was lacking.

SOCIAL AND FRATERNAL

The meeting of Court Middlesex, 23, F. of A., held at Foresters hall last night, was very interesting and largely attended. Two propositions were received and referred to committees. Under the head of new business the deputy grand chief ranger, Edmund Costello, assisted by the past chief ranger, John W. Downing, installed the following named officers for the ensuing term: Chief ranger, John H. Condon; sub-chief ranger, Charles J. Marston; treasurer, Michael H. McNiff; financial secretary, John J. Magee; recording secretary, James H. Hickey; senior woodward, Terrence Quinn; junior woodward, Gustav A. Anderson; senior beadle, Thomas T. Quinn; junior beadle, Francis Donovan; lecturer, John W. Downing; trustees, John H. Farley, Patrick F. Kennedy, Daniel H. Quinn. At the close of the ceremony, the deputy, on behalf of the court, presented to the retiring chief ranger, Francis Brick, a beautiful gold fob emblematic of the order, and P. C. R. diploma neatly framed. P. C. R. F. Brick responded by returning thanks for the splendid tokens of respect, and also for the many honors conferred upon him. He said he would still continue to take an active part in the court's affairs. The court voted to take an active part in the Foresters' gala day, Saturday, Aug. 15. C. R. J. H. Condon was chosen chairman of sports, and the court has organized a baseball club for the occasion and will compete for a suitable prize. At the close of the meeting, refreshments were served and a musical and literary entertainment was given.

LOWELL LODGE, ODD LADIES.

Lowell lodge, No. 2, Odd Ladies held its regular meeting last night, and transacted considerable business. It was voted to discontinue meetings during the remaining summer months. It was voted to hold the annual picnic, Saturday, Aug. 1. Arrangements for the observance of the anniversary of the lodge, were discussed at considerable length.

GEN. ADELBERT AMES CAMP.

Gen. Adelbert Ames camp, U. S. W. V., met in regular session last night, with Commander Edwin Nowlan in the chair. Considerable routine business was transacted and four candidates were initiated. CITY WILL SUE

For Money Paid For Windsor Hose

THE AMOUNT NAMED IS \$23,410.25

More of the Fire Department Scandals

NEW YORK, July 14.—Papers will be served today on Deputy Water Commissioner Michael P. Loughman, who was president of the Windsor Fire Appliance company, and against the American Society company, and against a co-defendant in a suit to recover the full amount of the contract by which the Windsor Fire Appliance company furnished fire hose to the city. This amount, according to the figures given out yesterday, is \$23,410.25.

This was the day's contribution to the subject of fire department scandals as revealed in the report of the commission of accounts made public yesterday morning. E. B. Pierce, assistant corporation counsel, said that he had had some Windsor hose tested by E. W. Francis, director of the Philadelphia Textile school, as an impartial expert and that Mr. Francis reported that the hose was not made of Sea Island cotton, as the specifications required, but of short staple cotton. The contract called for the best quality of Para rubber and duck woven from the best Sea Island cotton not less than 20 ounces to the yard. The requirement as to tensile strength was omitted from the Windsor contract, but not that about the length of hose. Mr. Pierce says. The contracts were for 100 feet of 3½ inch hose at \$147, 900 feet of 2½ inch hose at \$15.125. Mr. Pierce said that the price for 2½ inch hose were lower than it was possible to deliver a first class grade of goods for and that the best grade could not be sold for less than \$120.

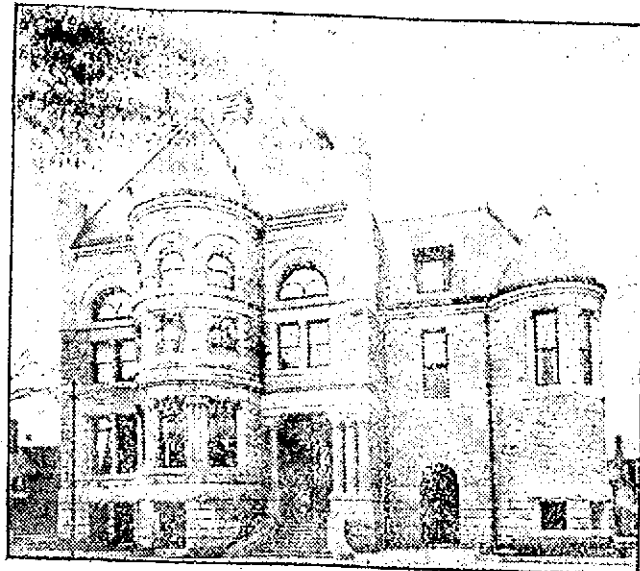

Although the action against the president of the Windsor company and his bondsmen will be begun immediately, it is not expected that the case will come up for trial before the October term. Of Mr. Loughman Mr. Pierce said it was only fair to say that he was not in any way to be held responsible for the bursting of hose at the Parker building fire, as no Windsor hose was used at that fire. The action was begun at the request of Fire Commissioner Hayes, who asked advice from the corporation counsel after receiving the preliminary report of the investigation.

Mr. Loughman issued a statement yesterday in which he pointed out that the forty-four lengths of hose which burst at the Parker building fire were of the following brands: Gutta Percha, Maltese Cross, Eureka, Conqueror, Centaur, White Anchor and Knickerbocker. Mr. Loughman further said that if the hose furnished by the Windsor company was not up to specifications in every particular it was the fault of the United and Globe Rubber Manufacturing company of Trenton, N. J., the makers. He declared that he had given the United and Globe company a complete copy of the specifications and that he had ordered from the manufacturing company hose which followed those specifications. This fact, he said, was brought out by sworn testimony before the commissioners but not embraced in their report.

ST. LOUIS WOMAN

Made Her Escape From the Asylum

FARMINGTON, Mo., July 14.—Mrs. Minor Morris, a St. Louis woman and sister of Congressman Hall of Iowa, who became conspicuous about 15 months ago through her charge that she had been ejected from the White House at the president's order and handled roughly by secret service men, escaped from the Missouri hospital for the insane at Farmington yesterday. Mrs. Morris is of a family prominent socially in St. Louis and was committed to the asylum about six months ago for treatment. She told a number of towels together and lowered herself from a window. The towels must have been prepared one at a time and concealed, as it would have been impossible for her to have obtained them otherwise.

Many Have Most Artistic Illustrations.

Following is the remaining portion of the valuable list of textile works found in the city library and available free of charge to those who wish to peruse them. The collection is one that should be in great demand in a textile city like Lowell, but strange to say the books are seldom called for probably because the people who need the books do not know that they are in the library or else do not know how to find them. To enable the mill operators to utilize this splendid list of books the Sun publishes a descriptive list of them. The rest of the list was printed in yesterday's papers.

LOVERS ARE DYING

William Wild Shot Sweetheart He Could Not Wed

NEW YORK, July 14.—Sweetheart from childhood, Veronica Meehan, 15 years old, and William Wild, 27, he dying today in Bellevue hospital as the result of a suicide pact. The girl, a pretty stenographer employed in a downtown business house, was shot twice in the head by Wild who then turned the revolver on himself, sending two bullets crashing into his own head. He fell unconscious, ten feet from his dying sweetheart. Struggling to her feet, the girl reached Wild's side and with her handkerchief began to wipe the blood from his face when she too fell unconscious across his prostrate form. A policeman, attracted by the shots, reached the scene of the tragedy and quickly summoned an ambulance in which the dying lovers were hurried to Bellevue hospital where they remained unconscious today. A letter found in Wild's pockets addressed to Mrs. Meehan told how the two had decided to die together.

LAKEVIEW THEATRE

Last night the Adam Good Co. presented the powerful melodrama "The Way of the West" to a large sized audience. Keeping in view with its preliminary announcements that novelties would be the rule at Lakeview this summer, the management selected this play partly because this bill is new to its patrons and again on account of its unique plot. The play is laid in a ranching town in Arizona and vividly describes the adventures of a young easterner who is driven into a brave man's fight with a villainous desperado. Miss Overton as the sister-in-law was very pleasing, while Mr. Eddie Fowler as "Kid Corner," was a credit to his part. The rest of the company was also very good, and judging from the large appreciative audience of last night this bill will prove itself a winner. There will be matinees every day except Monday.

You Never Know the Moment When This Information May Prove of Infinite Value

It is worth considerable to any citizen of Lowell to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itching of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

John Leach, janitor of Appleton National Bank, and living at 43 Albia street, Lowell, Mass., says: "I just as emphatically endorse Doan's Ointment today as I did seven years ago when I used it for itching hemorrhoids. A few applications gave wonderful relief, and in a short time I was completely and permanently cured. There has been no return of the annoying affliction during the years which have since elapsed. This shows that when Doan's Ointment cures, the cure is lasting. I procured it at Ellingwood & Co.'s drug store. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, agents for the United States. Remember the name—Doan's—and take no other."

DANGEROUS FIRE

Threatened Houses at

YORK, Me., July 11.—With household goods packed ready for hasty departure people in the vicinity of the Brow Hill district of this town fought a bad forest fire that threatened several houses. Within a few hours the fire had burned over four miles of woodland. The loss to cattle grazing in the woodland pastures is heavy. All of the houses in the threatened district have been safeguarded by trunks and ploughed ground all about them. The trunk lines of the telephone and telegraph companies from Portsmouth to Portland have been burned out and connections must be obtained by a roundabout route. The Atlantic Shore Line railroad kept up its schedule despite the fact that its tracks ran through the burning district. Approaching the fire limits all the windows in the cars were closed tightly and with power turned on to the last notch the cars were shot with terrific speed through the smoke. It is believed that about 25,000 feet of cut lumber has been destroyed with the fire unchecked.

THE CHOLERA INFANTUM SCOURGE

LAST WEEK TEN DEATHS OF YOUNG CHILDREN WERE ATTRIBUTED TO CHOLERA INFANTUM, WHILE SEVERAL OTHERS WERE ALSO DUE TO HOT WEATHER DISEASES.

THAT IS AN INDICATION THAT THERE ARE AT LEAST TEN TIMES AS MANY CHILDREN SUFFERING FROM THIS DREAD DISEASE, AND THAT DAY BY DAY, UNLESS THE TEMPERATURE DROPS, THERE WILL BE NEW CASES REPORTED AND PROBABLY ALSO THE USUAL PERCENTAGE OF DEATHS.

IT IS A PITY TO SEE SO MANY LITTLE ONES CUT OFF WHOSE LIVES COULD BE SAVED BY PROPER CARE AND TREATMENT. IT IS TRUE, THAT IN MANY CASES, THE HOMES WERE IN THE CONGESTED DISTRICTS WHERE THE HEAT IS MOST INTENSE; BUT IF THE PARENTS WERE PROPERLY INSTRUCTED IN REGARD TO THE DISEASE, THEY WOULD TAKE THE CHILDREN TO SOME SHADY GROVE WHERE THE LITTLE ONES COULD BE KEPT COOL AND THEIR LIVES THUS SAVED.

IT SEEMS THAT THE BOARD OF HEALTH COULD HAVE DONE MUCH TO SAVE THE LIVES OF YOUNG CHILDREN BY SIMPLY FURNISHING EACH HOME WITH INSTRUCTIONS AS TO WHAT SHOULD BE DONE FOR LITTLE ONES SHOWING SYMPTOMS OF CHOLERA INFANTUM.

THERE IS A GREAT HULLABALOO RAISED WHEN A SUPPOSED CASE OF DIPHTHERIA OCCURS OR WHEN SOME INEXPERIENCED DOCTOR IS CALLED IN TO PASS UPON CULTURES AND DECLARES PRACTICALLY ALL THE CULTURES POSITIVE IN ORDER TO BE ON WHAT HE WOULD CALL THE SAFE SIDE.

THERE IS REASON TO BELIEVE THAT IN THIS WAY HOUSES HAVE BEEN QUARANTINED AND CHILDREN IN INSTITUTIONS HAVE BEEN PUT UNDER TREATMENT FOR DIPHTHERIA WHEN THE ONLY SYMPTOM OF DIPHTHERIA VISIBLE WAS AN ORDINARY COLD THAT SHOULD NOT PREVENT ANY CHILD FROM ATTENDING SCHOOL.

THEN OF COURSE THE ATTENDING PHYSICIAN AND HIS SUPPLY OF ANTITOXIN WIN GREAT APPLAUSE FOR EFFECTING A SPEEDY CURE WHERE NO DIPHTHERIA EXISTED.

WE DO NOT SEE WHY HUMAN LIFE SHOULD NOT BE GUARDED AGAINST ONE DISEASE AS WELL AS ANOTHER.

CHOLERA INFANTUM IS NOT CONTAGIOUS, BUT IN HOT WEATHER WHEN PROPER TREATMENT IS NOT PROVIDED, IT CAUSES FEARFUL MORTALITY AMONG YOUNG CHILDREN, FAR GREATER THAN WOULD DIPHTHERIA OR SCARLET FEVER.

THE GREAT MORTALITY FROM CHOLERA INFANTUM MIGHT BE LARGELY REDUCED IF THE BOARD OF HEALTH ONLY TOOK THE TROUBLE TO HAVE FAMILIES SUPPLIED WITH INSTRUCTIONS SUCH AS WE HAVE SUGGESTED.

IT MAY BE URGED THAT THIS WOULD BE AN EXPENSIVE UNDERTAKING. IT WOULD BE NOTHING OF THE KIND FOR ALTHOUGH IT WOULD REQUIRE SOME PRINTING IN SIX OR SEVEN DIFFERENT LANGUAGES, YET THE COST WOULD BE COMPARATIVELY TRIFLING AND DISTRIBUTION COULD BE MADE THROUGH THE CHILDREN ATTENDING PUBLIC AND PRIVATE SCHOOLS OR THROUGH THE POSTOFFICE, A COPY BEING MAILED TO EACH FAMILY IN WHICH A BIRTH HAS BEEN REPORTED WITHIN A FEW YEARS.

THE BOARD OF HEALTH IS EXPECTED TO DO SOMETHING EVEN WHEN WE ARE NOT CONFRONTED WITH SMALL-POX OR ANY FORM OF PESTILENCE.

THE ANNIE MULLINS MYSTERY

OF ALL THE BUNGLING POLICE JOBS THAT HAVE EVER COME TO PUBLIC ATTENTION IN THIS STATE THE WORK ON THE ANNIE MULLINS MURDER MYSTERY IS THE WORST.

FOR SEVERAL DAYS AFTER THE MURDER THE POLICE DID ACTUALLY NOTHING. THEY SEEMED TO BE IN COLLUSION WITH THE MURDERER IN EFFECTING HIS ESCAPE OR IN PUTTING OUT OF SIGHT EVERY TRACE OF EVIDENCE THAT MIGHT LEAD TO HIS CONVICTION.

THE CHIEF OF POLICE OF ARLINGTON FURNISHED MOST OF THE STUPIDITY IN THE CASE. HE ACTUALLY HAD GIVEN CONSENT TO LET THE GIRL'S TRUNK BE SHIPPED UNOPENED WITH HER REMAINS TO NEW BRUNSWICK AND SO IT WOULD HAVE GONE HAD NOT THE CAMBRIDGE POLICE AND THE STATE AUTHORITIES SEIZED IT AND EXAMINED THE CONTENTS TO SEE WHETHER THERE WERE ANY LETTERS TO INDICATE THE MURDERER.

SEVERAL SUSPECTS WERE MENTIONED AND SOME OF THEM COULD NOT GIVE A STRAIGHT ACCOUNT OF THEIR ACTIONS ON THE NIGHT OF THE MURDER BUT THEY WERE GIVEN SO MUCH TIME TO PREPARE STRAIGHT STORIES THAT WHEN THEY WERE

CALLED IN THE POLICE COULD NOT FIND SUFFICIENT CAUSE TO HOLD THEM.

THE CHIEF OF POLICE AT ARLINGTON SHOULD GET A LEATHER MEDAL FOR HIS PART IN LETTING THE MYSTERY GO UNSOLVED. BUT FOR HIS ASININITY THE PERPETRATOR OF THIS FOUL MURDER MIGHT HAVE BEEN BROUGHT TO JUSTICE.

EDITORIAL COMMENT

THE OLYMPIC GAMES.

Boston Herald.—Apropos of the opening of the Olympic games in London today, with a formidable American team participating in the competitions, it is an interesting coincidence that now as in the old days when the strong young men of Greece assembled on the plain of Olympia to compete with each other, the games begin at the full of the moon. The Olympic games are far more cosmopolitan now, but the sport will not be less clean or the opening spectacle less imposing when the sun and the moon are shining on the athletes' march around the magnificent stadium, with colors flying and with salutations to King Edward standing beside the King of Greece and the King of Norway.

CAMPAIGN PUBLICITY.

Boston Post.—The difference between the attitude of Mr. Taft and Mr. Bryan as regards the publicity of campaign (and contributions) is that such publicity as the Republican candidate may authorize will be made in contravention of the emphatic purpose of those who nominated him, while Mr. Bryan, in requiring the fullest publicity, will be only carrying out the declared purpose of the Democratic convention.

Without casting doubt upon the sincerity of Mr. Taft and the treasurer of the Republican committee in the informal statements they have given out regarding their intentions in this matter, it is easy to understand that public confidence will be greater in the publicity which is offered on the Democratic side. It has the greater responsibility back of it.

PEOPLE OF NOTE

Mme. Juliette Adam has resumed her receptions, which are held each Sunday during June and July at her charming estate at Giff, in the picturesque valley of the Chevreuse. These gatherings are the last of the literary salons of Paris. Nowadays they are shorn of their old brilliance, but they are still quite interesting. You meet half a dozen young poets, the latest successful novelist, a fierce pamphleteer who cannot find adjectives strong enough for the government, a mild-mannered magistrate who is anxious to make hay in the sunshine of republican favor, a general or two—one, probably, who has figured in the Affaire—and finally a sprinkling of political colts, literary hangers on, and a bevy of fair women. The Adam salon was at its height in Gambetta's day. The great statesman was intimate with the charming hostess, then famous for her great beauty. Today she bears traces of her old time attractiveness in a distinction of face and carriage and in a peculiar charm of manner. These garden parties no longer receive the official smiles of the party in power. Mme. Adam has broken with republicanism in its latter day development, and until recently, when advancing age compelled her to lay aside her pen, she wrote with a good deal of bitter vehemence against the present rulers of France.

makes no use of automobiles. The heir apparent, Archduke Francis Ferdinand, is a most enthusiastic motorist, and so are several other members of the imperial family; but so far the emperor is bent to his horses and carriages to carry his Burgundy. Even now, however, he may yet yield to the lure of the automobile. The Austrian Automobile club has presented him with two motor cars as a jubilee gift. Prince Alexander Solms, who made the presentation, appealed to His Majesty's most impressive military head of the empire. As the Austrian war office has shown a keen interest in the use of automobiles for military purposes, and a volunteer automobile corps has been formed to take part in exercises and maneuvers, it is possible that His Majesty may be induced to use his new gift at the next great maneuvers. The fact that the motor car has shown its value as a military weapon will do more to impress the emperor who literally loves his army, than anything else could possibly do.

The city of Vienna has purchased the house in which Franz Schubert was born and intends to preserve it in its present condition as long as possible. The price paid was \$2400. The house is one of the old fashioned one story type of buildings, which are fast disappearing from modern Vienna. The front is utterly devoid of any attractive features, but there is a little court behind with wooden galleries and a garden on the steep hillside.

AMERICAN GIRL

To Open the Italian Prison Cells

ROME, July 14.—The King of Italy has decided to make the celebration of the Abruzzi-Equino wedding a holiday of considerable importance throughout the kingdom.

In connection with the festivities a proclamation of general amnesty will be issued, whereby certain offenders, principally of a political character, banished or out of the country of their own accord, will be allowed to return and enjoy the full rights of citizenship.

Those benefited, it is said, will include Signor Nunzio Nosi, former minister of education, who was some time ago convicted for the embezzlement of \$50,000 which he declared had been spent in good faith for secret information concerning foreign powers. He will now be allowed, according to a correspondent, to take his seat in the chamber of deputies, where he represents Trapani, Sicily. Another exile who will be restored to good standing is Commendatore Rafael E. Pallazoli, former member of the chamber of deputies, who has been called leader of the Mafia, and who was the principal figure in a famous political trial in 1903. He is now in the United States.

TRADED HIS WIFE

Now Mareno Wants Her Back Again

BEAVER FALLS, Pa., July 14.—Pietro Mareno, accompanied by an interpreter, appeared before Justice Kurtz of Franklin township and wanted to sue Dominic Cartano for \$350. He said that two weeks ago he and Cartano traded wives, and he gave Cartano \$350 in cash to boot.

A few days later Cartano regretted his bargain and wanted to trade back, declaring the woman was too extravagant.

"She wants better on her bread two times a day," he complained.

Each then took back his wife, but Cartano, it is said, refused to refund the \$350.

Justice Kurtz refused to entertain the suit, and gave the foreigner a lecture.

SAIL FOR MANILA

Battleships of the Service Squadron

GUAM, July 14.—The battleships Maine and Alabama, composing the service squadron sailed today for Manila. During the stay of the battleships here a board of officers has inquired into the conditions of the island and the needs of the people with a view to offering recommendations as to the future of the government of Guam. Intense enthusiasm was aroused at public hearings and mass meetings which were preceded by processions with banners. The people petitioned for citizenship, modified laws and schools and the naval government. Hundreds of well behaved sailors came ashore during the stay of the battleships and were cordially received by the people of the island.

HORSE DEALERS

Bring Suit Against Billerica Officials

Having lost a civil action brought against the town of Billerica, Wheeler & McElwin, a Boston firm of horse dealers, now brings suit against Selectman John J. Mahoney, ex-Selectman John B. Tyler and Edgar P. Twombly, for the recovery of the price of the horses bought for the town by Twombly more than a year ago.

The case will be heard at the October sitting of the superior civil court. It will be remembered that Twombly purchased two horses for \$500 in addition to another pair that had been used by the town. The selectmen refused to pay the bill, and Wheeler & McElwin brought suit against the town, the case being heard at the April term of the court. The judge sitting at that session took the case from the jury and rendered his decision in favor of the town. Now the firm brings suit against Mahoney, Tyler and Twombly.

PLUMBERS MEET

Session Opened in Fall River Today

BOSTON, July 14.—The 35th annual session of Master Plumbers was opened in Mechanics building this city today and members of the plumbers' fraternity from all parts of the country were present. Previous to the opening session this morning the entire body formed in front of the headquarters at a local hotel and paraded to the hall where they were welcomed to the commonwealth and city by representatives of each. The remainder of the forenoon was occupied entirely with preliminary affairs, the disposal of which was necessary before the real business could be brought up for transaction. President T. A. Hill of New York will preside over the sessions of the convention during the three days' meetings.

ARREST PASTOR WANTS \$50,000

He is Charged With Woman Sues For Her Husband's Love

KANSAS CITY, July 14.—After a second fall from grace, his congregation having once forgiven him when he confessed he had yielded to a craze for gambling, Rev. Charles H. L. Brown, pastor of the Christian church at Lee's Summit, is under arrest here. He admitted he had been gambling and confessed to charges of forgery.

With his face unshaven, clothing worn and his shirt torn to shreds, following six weeks of steady devotion to the tiger, the Rev. Mr. Brown was anything but an inspiring sight. "That isn't all," he said, after confessing gambling, "I've passed worthless checks for at least \$250."

Brown is only 25. He obtained a pulpit at Washington, Kan., and later was transferred to Lee's Summit. Last winter he turned to gambling, but broke away from temptation, confessed to his congregation and was given another chance.

AFTER 30 YEARS

August Beltzner Was Shot in Revenge

ALLENTOWN, Pa., July 14.—Pursued for 30 years by friends of the Molly Maguires, against a number of whom he was the star witness, August Beltzner at last met the fate that he always believed was in store for him because of the part he took in putting an end to the reign of terror that prevailed in the anthracite coal regions of Pennsylvania from 1875 to 1878.

Jack Kehoe, who conducted a hotel in Pottsville, was the chief of the Molly Maguires, a secret organization that murdered many mine owners and superintendents, and it was principally Beltzner's testimony that convicted Kehoe and several of his followers who were hanged at one time in the jail yard at Pottsville in the summer of 1878.

The prosecution of the Mollies was conducted by the late Franklin B. Gowen, for a number of years president of the Philadelphia and Reading Railroad company, who some years ago met a tragic death in a hotel at Washington, D. C. He was found shot dead in his room, and although the verdict of the coroner's jury was that he had committed suicide, it was always believed that he was murdered by friends of the men whom he had denounced during the trials, openly declaring to the crowds of Molly Maguires who packed the court room that he was not afraid of them.

Beltzner moved 25 years ago to Juliet, Ill., where he opened a store and where he was mysteriously murdered, according to information received by friends here. He was about closing up for the night and had already extinguished the lights, when he was shot down by an unknown man, who escaped.

OFFERS SERVICES TO COMMITTEE Says Democrats Can Carry New York

HELENA, Mont., July 14.—In an interview with the Associated Press, Judge Parker stated that he intended to offer his services to the democratic national committee as a campaign speaker, and would devote all the time he could to making speeches. He said he would speak outside of New York but at this time could not state what places he could speak in. Judge Parker said he believed the democrats had a good chance to carry New York this year and that he would give his hearty support to Bryan and Kern.

From Helena Judge Parker will go to Livingston and meet Delancey Nicoll of New York and the two men will spend about three weeks touring the Yellowstone national park.

While here Judge Parker has been the guest of Thomas J. Walsh.

THEY GOT \$600

Burglars Carried Safe Down Stairs

NEW YORK, July 14.—Features of a burglary committed on Sunday within a hundred feet of Broadway in West Thirty-fourth street were the carrying down two floors of a 500 pound safe, which stood in plain sight of the street, and its skilful locking of \$600.

The child's restaurant adjoining the Savoy theatre was the scene of the burglary. Everything was in order when the manager locked up on Sunday morning. Early yesterday morning he discovered that the 500 pound safe had been carried from its position near the cashier's desk and in the subcellar two floors below had been broken open. The job was apparently the work of expert cracksmen. They had turned the safe upside down to get at the thinner steel there, sawed through this, drilled through a layer of cement and then through another steel plate to the interior of the safe. The \$600 was taken from the cash box.

The police made up their minds that the men got in by means of a skeleton key. Pasquale, who has a key and comes each morning to carry out ashes, said he had heard some one pounding in the subcellar early yesterday morning, but had paid no attention to it. Pasquale was arrested and held in Jefferson market court pending the clearing up of the burglary.

A RECORD TRIP

May be Made by Count Zephelin

IN HIS BIG AIRSHIP TODAY

Nine Passengers Will Make Journey

FRIEDRICHSHAFEN, July 14.—There is every prospect of a record trip of Count Zephelin's airship occurring today. All preparations for the flight have been complete since 6 o'clock this morning and the official meteorologists are anxiously watching the wind and weather which are becoming more and more favorable to the undertaking. There is a light breeze blowing from the northwest against which the airship must navigate on its journey toward Mayence.

The proposed route leads over Constantinople, Schaffhausen, Bale, Mulhausen, Freiburg, Karlsruhe, Strassburg, Mannheim and Mayence. The journey may possibly be continued to Metz if the weather permits. The occupants of the airship will be Count Zephelin, his nephew Count Ferdinand, Zephelin, Prof. Hergesell, representing the ministry of the interior; Captain Mische of the navy; Major Hesse of the general staff; Lehmann of the war ministry; and Sperling of the balloon regiment of the army. Engineers Durr and Stahland, ex-mechanics. No unofficial passengers have been permitted to make the trip.

This little town is well beflagged and crowded with gaily known aeronauts and officers of the army and navy. The crown prince, Frederick William, has telephoned from Bregenz that he is coming over to be present at the departure.

The king of Wurtemberg who is staying at his summer palace here has gone out to the balloon shed where the men who are to make the trip are taking their lunch. The lake shimmered under brilliant sunshine and is crowded with excursion steamers. These boats are kept at some distance from the balloon shed by the police water patrol.

It is expected that the start will be made at about two o'clock.

BADLY INJURED

An Automobile Plunged Through a Bridge

LOUISVILLE, July 14.—Bowling along a smooth Kentucky turnpike at forty miles an hour in an automobile, five young people of Louisville suddenly dashed over a bridge half of which had been carried away and plunged thirty-five feet into Salt river. Every member of the party was seriously injured. They are Richard Menefee, crushed and otherwise internally injured; Carl Wiseman, both legs broken, may die from shock; Miss Elizabeth Sherley, jaw broken; Mrs. Shelby Williams, wrist broken; Mrs. Shelby Williams, broken, shoulder dislocated; Sam Barr, chauffeur, bruised and badly scalded on back.

They were in Mr. Wiseman's 60 horsepower car, and as it was nearly 2 o'clock in the morning had no fear of encountering vehicles. The bridge had been minus half a span for a month but the county authorities have had neither watchman nor light to warn travelers.

Miss Sherley, Mrs. Bonnie and Mr. Menefee were able to drag themselves to their feet, but Wiseman, Bonnie and Barr were caught under the machine. Menefee attempted to lift the car to relieve the chauffeur, who was screaming with pain as the hot oil from the machine ran down his back, but he could do nothing.

The women, badly hurt as they were, scrambled up the bank to look for aid and finally found a crew of men employed in a sawmill. After twenty minutes the machine was lifted and the men were released. All were brought to Louisville.

THEY GOT \$600

Burglars Carried Safe Down Stairs

NEW YORK, July 14.—Features of a burglary committed on Sunday within a hundred feet of Broadway in West Thirty-fourth street were the carrying down two floors of a 500 pound safe, which stood in plain sight of the street, and its skilful locking of \$600.

The child's restaurant adjoining the Savoy theatre was the scene of the burglary. Everything was in order when the manager locked up on Sunday morning. Early yesterday morning he discovered that the 500 pound safe had been carried from its position near the cashier's desk and in the subcellar two floors below had been broken open. The job was apparently the work of expert cracksmen. They had turned the safe upside down to get at the thinner steel there, sawed through this, drilled through a layer of cement and then through another steel plate to the interior of the safe. The \$600 was taken from the cash box.

The police made up their minds that the men got in by means of a skeleton key. Pasquale, who has a key and comes each morning to carry out ashes, said he had heard some one pounding in the subcellar early yesterday morning, but had paid no attention to it. Pasquale was arrested and held in Jefferson market court pending the clearing up of the burglary.

FALL RIVER VETS

TO PARTICIPATE IN LOWELL MUSTER.

The Fall River Veteran Firemen's association, while realizing that this is a hot and very dry summer, is still going to get into the game for once at least, and has accepted the invitation to come to a muster here on August 20 and compete with some of the crack companies that will be here on that occasion, providing there is no shortage of water and muscle at the command of the company.

The Fall River association, which will not enter its machine, which will be chummy and join hands with the Fall River, and if this is done the latter are sure that they can go back to Fall River with the flags flying and a little piece of the prize money.

PROVIDENCE, R. I., July 14.—Despite the effort of the National Civic Federation, strained relations still exist between the local street car men and the Rhode Island Co. management. Organizer William J. Walsh stated this morning that until the company recedes from its present position

FORGERY CHARGE

Clerk to Boston's Fire Commissioner Under Arrest

BOSTON, July 14.—Michael J. Lafferty, 33 years old, of Dorchester, clerk to Fire Commissioner Samuel Parker, was arrested here today and charged with forgery. Lafferty had charge of making out checks for the committee which supervises the Boston firemen's relief fund. An investigation of Lafferty's books was begun by expert examiners this afternoon.

GOVERNOR GUILD PAVING CONTRACT

Will Not Run For Congress

BOSTON, July 14.—Governor Guild authorized yesterday a denial of two remarkable stories. One was that he intended to go into Congressman Roberts' district and run against him for the republican nomination. That was printed in a Sunday newspaper. The other story was that he would run for congress in his own district, the eleventh, and that he and former Mayor Fitzgerald would work together because Andrew J. Peters had refused to support Mayor Fitzgerald for reelection. That was printed yesterday, and by experts was considered with the object of running for congress even better than the other.

Governor Guild laughed when he read the story of his purpose to run against his friend Roberts, and called it mid-summer madness, but when he learned that he and former Mayor Fitzgerald had poined hands to beat Congressman Peters, he thought it was time to say something. And so his secretary was authorized to make the following official statement: "The despatch printed today to the effect that Governor Guild had severed relations with Secretary Tatt and had made a deal with ex-Mayor Fitzgerald with the object of running for congress in a democratic district, was today characterized by the governor as the 'merest mid-summer madness'.

CLERKS' HOLIDAY

Substitute Proposed for the Outing

Since the Merchants' association at its last meeting decided to abandon the project of an outing for the clerks, the latter are wondering if the association as a substitute for an outing, will close the stores all day on August 6th, the day on which the outing was to have been held. Some of the leading members of the association were not present at the last meeting and are much disappointed at the action of those who attended in abandoning the outing project.

DR. R. E. BELL

The New Asst. Medical Examiner

The appointment of Dr. Robert E. Bell, as assistant medical examiner for this district by Governor Guild gives general satisfaction and shows diplomacy on the part of the governor. Drs. Meigs and Bell were the candidates for the position.

DR. ROBERT E. BELL, Assistant Medical Examiner.

as medical examiner and while Dr. Meigs had the principal advantage of being in line for the position in the order of promotion having served as assistant for many years and having done a good share of the work in the absence of Dr. Irish, he is a democrat, while Dr. Bell is a republican, a close personal friend of the governor, a brother politician and was in the office of the late Dr. Irish. Many men of prominence saw the governor in behalf of both candidates and Gov. Guild after mature deliberation decided that the most equitable solution of the matter would be the promotion of Dr. Meigs to the position as medical examiner and the appointment of Dr. Bell as assistant. Dr. Bell is too well known in Lowell to need any introduction. He is one of Lowell's best known and most prominent surgeons and has had years of experience in the work of the office to which he has been appointed. During the Spanish American war he served as an officer of the ambulance corps and he is frequently in the civil court as an expert in important actions of tort, while his services are demanded by the criminal court in nearly all murder cases within this jurisdiction. With Drs. Meigs and Bell in the medical examiner's office it is needless to state that the duties therein entailed will be ably performed.

LOST HIS WALLET

Capt. Downs Regrets Loss of \$130

Capt. Matthew Downs, the same of Long-Sought-For pond and proprietor of the Brick Tavern, is mourning the loss of a wallet containing \$130 which disappeared in a most mysterious way a few days ago. The captain, who is 30 years old and as busy as a bee, drove to Westford a few days ago to pay a grain bill and without leaving his carriage he drew forth his well-filled wallet and settled the bill and then as he supposed placed the wallet in the inner pocket of his vest. He returned home and hung up the vest and thought no more of the wallet until the next day when he had occasion to get some money and feeling for the wallet found it was gone. He supposes that it dropped out on the way home. "If I had been in Lowell that day I would have sworn that some fly catcher had touched me," said the captain.

77 YEARS OLD

Aged Man Takes His Fifth Wife

PHILADELPHIA, Penn., July 14.—Sitting with satisfaction at his fifth bride leaning on his arm and not at all disturbed by the knowledge that he is her fourth "ventured" George Hackman, of West Virginia, 77 years old, arrived yesterday morning at the home of his new wife, Mrs. Alexander McDowell, in Indiana, avenue, west of Fifteenth street. When Mrs. McDowell opened the door she was greeted with "How do you do, Mary?" "Allow me to introduce your new aunt," and he presented his 72-year-old bride, whom he espoused in New York on Saturday. Hackman was born in Portland, Maine and had been married four times before. He and his bridegroom left last night for the seashore to round out their honeymoon before starting for West Virginia.

CHARLES BRIGHAM

Lowell Man Reported Dead at Albany, N. Y.

"Charles Brigham, formerly of Lowell, dead here. Notify relatives. Wire him regarding body immediately. P. J. Hennessy, Arcade Cigar Co., Albany, N. Y."

The above is the contents of a telegram which has been received by The Sun. A similar telegram was also addressed to the superintendent of police, but up to the time of going to press the press and police have been unable to connect with any relatives of the man in this city.

Charles W. Brigham, 50 Queen street, whose name appears in the directory, died a short time ago and his son, Charles R., a clerk in the Central block, is alive and enjoying a vacation at Plymouth. Grand A. Brigham of 182 Third street knows nothing of the Charles Brigham above mentioned, neither does Edward W., who resides at 75 Port Hill avenue.

Ten or fifteen years ago there was a Charles Brigham residing in this city, who was a young player and appeared at different musical and theatrical performances. He was of a roving disposition and all trace of his whereabouts for the last five years has been lost. About five years ago he was playing a piano at an establishment in Boston. It is supposed that he may be the one who is reported dead at Albany.

FIRE IS SPREADING

Cottagers Near York Beach Have Made Ready For Instant Flight

YORK BEACH, Me., July 14.—The forest fire which has been burning fiercely in York and Wells during the past few days, had spread to within a mile of the village of Ogunquit at noon today and all the summer cottagers within a radius of several miles spent the morning hours in making ready for instant flight.

A special train with a fire engine and a large crew of men left here at 1 p. m. to assist in saving the village.

The fire was thought to be under control early today but during the forenoon it broke out again and spread over a wide area.

Are Operating in This City Again

Sneak thieves are operating in Lowell again. John J. J. who keeps a store at 62 Sumner street, reported to the local police today that thieves broke into his store about one o'clock this morning and after ransacking the place succeeded in getting two or three hundred dollars worth of goods. The thieves were seen running down a street in the rear of the store.

The police are on the alert for these thieves and have been notified that they have been seen in the city.

STEVE ADAMS CHARGED WITH MURDER

GRAND JUNCTION, Colo., July 14.—Without introducing any evidence to refute Steve Adams' alibi the state rested its case in the Adams trial on the charge of murdering Arthur Collins the milk superintendent who was shot at Telluride on the night of November 12, 1902. Judge Spriggs Shackelford then began preparing his instructions to the jury.

BITTEN BY A DOG

Edward Thomas Has Entered a Suit

The cases of Arthur P. Thomas and Edward Thomas against Elizabeth J. Nevins were heard before Judge Hadley in the civil session of the police court this afternoon.

A short time ago, according to the plaintiff's declaration, Edward Thomas was bitten by a dog owned by the defendant and the former sued for damages, while the father, Arthur P. Thomas, sued for medicine and doctor's care.

HIGHER AUTHORITY

Must Decide "Widow" Question Says Supt. Potter

"It is not up to me to decide whether or not the woman in question is a widow, it must be passed upon by higher authority," said Superintendent Potter of the state aid department, to a Sun reporter this morning, in response to a question as to whether he had passed upon the question as regards the widowhood of the woman concerning whom the city solicitor had handed down an opinion, which was published in The Sun yesterday afternoon.

The woman in question was married to a soldier of the rebellion, and was deserted by him in 1872, and has not since heard from him. She has a legal residence in this city and the question was, under these circumstances would she be entitled to state aid.

Superintendent Potter, in addition to what is quoted above said: "These are hard cases. It seems hard that an innocent woman, and perhaps a worthy family should be made per chance to suffer the pangs of hunger, on account of the criminal acts or neglect of an unworthy husband, but such is the law. Because the law seems to be clear on this point, for it says that if he has become poor or his family has become poor on account of his criminal acts then neither of them is entitled to state aid. These are indeed hard cases, but what is a man to do, to act in accordance with the law, or on sympathy. I have received opinions from this point from two attorney generals, and from City Solicitors Quin, Hogan and Hill, and each one of them is substantially the same as the one handed down by Solicitor Hill. The question is up to higher authority. It must be decided by the committee on state aid."

DROUGHT IS SEVERE

BOSTON, July 14.—The severity of the drought of 1908 is emphasized by the official figures on the rainfall for June at the various government weather observing stations throughout New England. New Hampshire fared the worst of the six New England states with a total average rainfall for the state of only 1.12 inches, while Massachusetts had 1.39 inches; Maine, 1.61 inches and Connecticut 1.68 inches. Rhode Island and Vermont suffered the least from lack of moisture, the former having 2.68 inches of rainfall and the latter 2.53. The driest section of Concord near the southern border of Merrimack county the precipitation was but .29 of an inch, a deficiency of 3.65 from the normal rainfall and at Grafton, just north of the northerly border of the same county it was .50 of an inch.

A redeeming feature of the situation is the fact that there was so much water in the reservoirs, wells and springs. The water supply has shown no signs of giving out as has frequently occurred in many localities in previous droughts. The fact that suburban residents have tried hard to save their lawns and that market gardeners in the metropolitan district have resorted to artificial means very largely

LATEST HEIR TO RICHES German Count is Work- ing as a Butler

RICHMOND, Va., July 14.—Although aware that he was entitled to a high place in the German nobility, and that he would some day inherit a fortune, Theodor von Thien, has been a butler for two years in the household of P. P. Ryan, a retired real estate dealer, in this city, has been notified that in December he will become joint possessor with his brother, August, of more than 6,000,000 marks left by his father, Count Peter von Thien, of Germany. In future he will be known as Count Theodore Charles Kronfels-Thien.

Forty-two years ago the father of the young man was lost in his private yacht Fargut, with the entire crew and some friends. Not being able to find any trace of the count, the German government refused to give a certificate of his death until his seventeenth birthday, which will occur in December. Expert accountants have figured the income up to 1900, estimating the amount due on that date, at 6,000,000 marks, without including interest to 1908. The estate has been in the hands of Monsieur de Louvrie, a French lawyer.

August von Thien settled in New York. Being more fortunate than his brother he accumulated a large estate. In May, when the lawyer came to America, he returned with him. He is still in Germany superintending the great estate. He has ordered that his property in the United States be sold.

BEGINS AS A SHERRY WAITER. Thinking that he would some day inherit the great hotel owned by his aunt, Mme. Maurice Chamberdole, in Paris, Theodore von Thien began, upon his arrival in America, to learn the hotel business from the bottom, so that he should be well acquainted with it if he should ultimately inherit this heritage. With this end in view he served as a waiter in Sherry's in New York, coming from the metropolis to Richmond, where he obtained employment in a mental capacity in the Ryan home.

When the news of Thien's good fortune was announced to him, he expressed sorrow at being forced to leave the employ of Ryan. He said that after much wandering he had found here the only real home he had ever known. Ryan immediately relieved him of all his duties. Von Thien said that he would remain with him until he went to Germany in December.

Von Thien is a man of striking appearance and excellent education. He speaks French, German and English fluently, and is a man of the most exemplary conduct. He is a posthumous child, having been born several months after the unfortunate death of his father. His brother is older than he. He has been congratulated on his good fortune by the nobility of Germany and France, and officially notified of his title by the French ambassador at Washington.

BROTHER SENDS GOOD NEWS. A letter from the brother of Theodore is filled with expressions of affection, not only for himself, but for the attorney who, through years, without their knowledge, has labored unceasingly to recover their birthright.

Continuing his startling news to his Richmond brother, August von Thien writes:

"There is a parcel especially for you, sealed by our mother with the crown and seal of the nobility of France. I took it along with me and will send it to the French ambassador, who will deliver it in person to you. The parcel has been insured for more than forty years at 15,000 francs."

Though no mention is made of the fact in the brother's letter, a message received by Theodore from his aunt, Mme. Chamberdole, states that the secret parcel contains the jewels of the young man's mother, and that no person is at liberty to break the seal except the younger son. Mme. Chamberdole is now on her way to Richmond in person with this package. Theodore will return to Germany with her.

THEIR SON. BELLINGHAM, July 14.—Ten years' search for her child, hampered by the restrictions of poverty and by the opposition of the boy's foster parents, a legal battle lost because of other sickness and a plucky saving of money out of her scanty resources that she might finally regain possession of her son and be in a position to support him, was the story told here in court by Maud Fields in the course of the habeas corpus proceedings instituted against Mr. and Mrs. Arthur Deming.

"This is, in my opinion, the most important case which has ever come before me," was the comment made by Judge Neterer from the superior bench at the close of the hearing. "If the custody of the child is not granted the petitioner as a result of these proceedings, he must inevitably, on reaching manhood, leave his foster parents and go to his mother. This is the only honorable course open to him in view of the touching sacrifices for him to which his mother-love has prompted her."

The case came into court on an argument of a demurrer filed by the petitioner. The points upon which the demurrer were based were that habeas corpus proceedings had been brought by Maud Fields in St. Louis in 1908, and subsequently, during her illness, had been dismissed, that such dismissal operated as an acquiescence on her part to the custody of the child by the respondents, and, secondly, that the reciprocal affection of the boy and his foster parents was, by reason of long continuance, too strong to be disturbed by the court.

Argument on the demurrer was overruled by the court. The taking of testimony will be accomplished sometime this month.

MOTHER'S STORY. The story told by Maud Fields is a sad one. At the time of the birth of the boy, his mother, she was a girl of 16 and was in poor circumstances. During his infancy she kept him with her, and finally, when he was six, she was compelled to send him to the Bethesda Home in St. Louis, because she was unable to stand the expense of his care.

Following her turning the infant over to the home she had an illness that lasted three weeks, and at the end of that time, when she went to ask for

THE CHAUFFEUR Saved Two Women From Serious Injury

GREENWICH, Conn., July 14.—That Mrs. John Dayton, wife of the superintendent of the water works, and her daughter, Miss Dayton, did not suffer serious injury when their touring car was in collision with a trolley car here yesterday, was due, it was stated today, to the quick action of the chauffeur, Winfield Mills, who when the impact seemed unavoidable reversed the car and thus minimized the force of the shock. While the automobile was running along the tracks one of its wheels became wedged and before it could be gotten free the trolley car came along. Mills, reversing his car, managed to get it moving backwards just before the collision occurred. All the occupants of the machine were thrown out for some distance but suffered only the shaking up. Mrs. Dayton and her daughter were taken to a nearby house and after receiving medical attention were removed to their home. The automobile suffered considerable damage.

"GRAFT" CHARGE In Connection With Peddlers' Licenses

NEW YORK, July 14.—John Schmidling and H. H. Hayden, clerks in the office of John Corrigan, mayor's marshal, were examined separately in the office of Commissioner of Accounts Ernest Y. Gallaher in a special inquiry as to the method of granting peddlers' licenses by Marshal Corrigan.

Information has been given to Commissioner Gallaher that someone has received from peddlers wishing to obtain a renewal of a license from \$15 to \$25 instead of the regular fee of \$2, and Chief Accountant Edward W. Boyle is in charge of the investigation to determine, if possible, who gets the exorbitant fee for renewal, and if any part of it reaches the office of the mayor's marshal.

According to the records in Marshal Corrigan's office, there are about five thousand licenses held by peddlers, and it is estimated that more than half of these are held by men who have assumed for the purposes of renewal the names of the original licensees and have paid a gross sum amounting to at least \$30,000, or about \$25,000 more than the legal rate.

CANDIDATE TAFT Cannot Carry His Own Family

COLUMBUS, Ohio, July 14.—With the arrival of more delegates for the prohibition national convention yesterday, it became apparent that William Howard Taft, republican nominee for president, is not going to get the votes of all the members of his family.

The Rev. S. H. Taft, of California, cousin to William Howard, got in yesterday afternoon and put himself on record right away.

"Yes, it's true that I'm a relative of Judge Taft," he said truculently, "but I wouldn't vote for him if he were my father."

"Any man who would advise the people of Oklahoma to vote against the prohibition clause in the constitution must respect very thoroughly before I give him my support."

Another of the Taft family dead set against the republican nominee is the Rev. William J. Taft, who came yesterday to the head of the Connecticut delegation.

"I can't support Judge Taft," he said, "even though he's my first cousin. I shall support the prohibition principle at the poll and I shall work for his election."

Starchy enough, the biggest presidential vote yet started here is for the republican, Governor Frank Haney of Indiana.

At the state prohibition convention, which opened yesterday afternoon, Temporary Chairman Peeke assailed female suffrage, which, he said, was never a part of prohibitionism, and landed George B. Cox, the republican boss of Cincinnati, because Cox refused to credit votes to temperance.

That were not cast on prohibition tickets, Peeke also criticized the anti-sloping law, which body the national convention is expected to endorse.

MADE NEW RECORD John J. Flannagan Won Hammer Throw at Olympic Games

Americans Are Making a Fine Showing — Melvin W. Sheppard Captured the 1500 Meter Race — Preliminaries in Other Events

LONDON, July 14.—The sun shone brilliantly at the stadium this morning, giving promise of perfect weather for the second day of the Olympiad.

In contrast to yesterday's drizzle which threw a damper over the opening ceremonies, the flags of all the nations that have sent athletes to compete in the games were flying in a light breeze added further to the touch of brightness to the scene while among the competitors the improved climatic conditions had a good effect lightening their spirits and increasing their enthusiasm.

The spectators, however, were slow in coming and when the hammer throwing, the first event on the program, commenced, the stands were almost entirely deserted.

For the Americans the interest centered today in the hammer throw and in the final heat of the 1500 metres run in which J. P. Sullivan and M. W. Sheppard of the Irish-American club of New York compete against Taft of Toronto, Canada, and five Englishmen, winners of the preliminary heats run off yesterday.

The Americans also make their first appearance today in the cycling events, Wientz and Cameron having been drawn in the third and fourth heats of the twenty kilometre race, the final of which will be run off later in the afternoon, the competitors being the winners of the various heats and three leaders making the greatest number of laps in the three fastest heats.

The Americans were rather fortunate in the drawings for the hammer throw, three sections of which will be

run off today. Talbott, Rose and Sherman were drawn in the first section, Burroughs and Horr in the second, and John Flannagan, Gillis and McGrath in the third.

Walsh of Canada won in the first section of the hammer throw with a throw of 129 feet, 1-2 inch. Talbott, America, second, 157 feet, 1-4 inch. Lemming, Sweden, third, 111 feet, 3 inches.

Rose did not contest. Only the men who make the three best throws in all sections will compete in the final.

In the second section of the hammer throw Nicholson, England, made 157 feet, 3-4 inches. Horr, America, 154 feet, 1-4 inches. Eyre, England, 122 feet, 5-14 inches.

Burroughs, America, did not throw. In the third section of the hammer throw McGrath, America, threw 167 feet, 11 inches, breaking the British record. Flannagan, America, threw 155 feet, 2-14 inches. Gillis, America, 115 feet, 6-12 inches.

Walsh, Canada, McGrath and Flannagan, America, qualified for the final.

In the final Flannagan finished first with a throw of 172 feet, 1-2 inches, beating the Olympic record.

McGrath was second with a throw of 157 feet, 11 inches, and Walsh, the Canadian, third, 129 feet, 1-2 inch.

When the result of the hammer throwing was announced it being the first final of the fourth Olympiad, the state and stipes were rung on the arena platform in honor of the United States.

America led everywhere in the first event to be decided. In fact it was a double victory. Flannagan taking the first and McGrath the first silver medal thus far awarded.

There was great cheering from the American stands as the stands as the first American athlete qualified for the final.

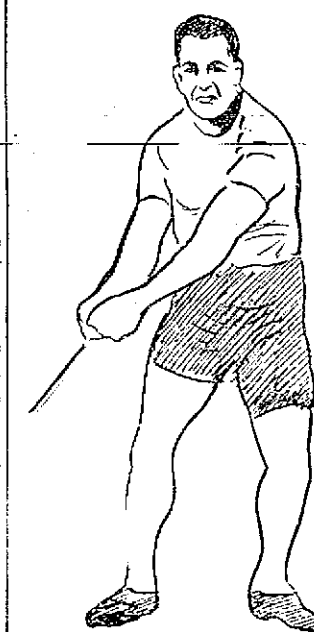

Heavy showers which followed the first weather of the day, however, did not prevent the start of the morning meeting, including the final heat of the 20 kilometre bicycle race.

In the first laps of the race the Canadian, Wientz, America, and Young, Canada, were the first two to pass the finish line. Wientz, Canada, won the race, beating Young, Canada, who was second.

G. E. Lamer of the United Kingdom, easily won the first heat of the 1000 metres walk in about 40 minutes, 20 seconds. H. K. Kerr, Australia, was second and W. J. Palmer, England, third.

No Americans started in the heat. In this event the first three in each heat qualified for the final.

E. J. Webb, England, won the second

CAMPAIGN WORK Was Begun in Earnest at Fair- view Today

FAIRVIEW, Lincoln, Neb., July 14.—The first formal work on the democratic campaign was taken up here today when members of the national committee called upon W. J. Bryan and J. W. Kern, the presidential and vice presidential nominees at the Bryan home. It is expected that the committee will be in session here until Wednesday and that a chairman of the committee will be selected and the city for the national headquarters determined upon.

The committee men were taken to Fairview in special trolley cars. The names so far most prominently mentioned for the chairmanship are: National Committeeman James O. Donnelly, Indianapolis; Wade, Iowa; Osborne, Kansas; Atwood, Kansas; Lathrop, Indiana; and D. J. Campbell, a former member of the committee for Michigan.

While Mr. Bryan believes Mr. James O. Donnelly is the most capable man in the party it is said he does not want the place. First and foremost Mr. James is an orator and he believes his greatest usefulness can be secured on the platform. Atwood is highly regarded, especially by the westerners, but eastern sentiment is believed to be between Lamb and Campbell. The latter's experience and keen business ability make him a favorite for the place.

The national committee men present at the meeting were: Mark, N. Y.; Tappan, Ind.; Sullivan, Illinois; Tucker, Ark.; Tomlinson, Alabama; Coughlin, Mass.; Wood, Michigan; Daniels, North Carolina; Green, E. I.; Brady, Oklahoma; Cummings, Conn.; Donnelly, Indiana; Wade, Iowa; Osborne, Kansas; Atwood, Kansas; Lathrop, Indiana; and D. J. Campbell, a former member of the committee for Michigan.

Two safes, one of which had been blown open in some previous burglary but again doing service. This was forced open but was found to contain nothing but a few papers. TWO SAFES OPENED Burglars Got Checks and Money in Greenwich Store

GREENWICH, Conn., July 14.—Burglars entered the Mills Feed Stores Co. in the building at the corner of Arch street and Sound View avenue early today, opened two safes and got away with a quantity of checks and some cash. The extent of the loss has not yet been determined. Entrance was gained through a window at the side of the building. In the store were

BODY RECOVERED Believed to be That of John T. Trull

CATAUNET, July 14.—The body of a man believed to have been John T. Trull of Woburn, one of those who met death in the blowing up of the launch Dolphin on Sunday afternoon was washed ashore here today, but up to 1 p. m. had not been positively identified. The body appeared to have been a man of about 55 years of age. It was clothed in white canvas trousers, madras shirt, white canvas shoes, dark stockings and in the pocket of the trousers was a gold Waltham watch with a locket containing a small lock of brown hair. The body was well preserved and was removed to a local hotel. An effort was made to obtain an identification by telephoning a description to Marion but this proved unsuccessful. Relatives of Mr. Trull, however were notified.

NORRIS J. ALLTON PROMINENT NASHUA BUSINESS MAN BURIED TODAY.

NASHUA, N. H., July 14.—Retail business was practically suspended in this city between the hours of two and four this afternoon during the funeral of Norris J. Allton. Mr. Allton, who was proprietor of one of the largest grocery stores here, died Monday.

WILLIAM J. BRYAN Will Not Deliver Plat- form Speeches

LINCOLN, Neb., July 14.—William J. Bryan, of the State of Columbia, S. C., and one of Mr. Bryan's lieutenants after a visit with Mr. Bryan and Mr. Kern today, said: "The statement that Mr. Bryan will not make a campaign is incorrect. It is his present purpose, however, to deliver no platform speeches but to make ten or a dozen political addresses dealing with the more vital issues as presented in the platform."

The same at the Bryan home when the committee arrived was picturesque. Mr. Bryan stood in the doorway and personally greeted the members of the committee as they passed into the "sun" parlour. Directly behind him was Mr. Kern who in turn extended his greetings.

THE GRAND JURY
Indicted Former Can-
didate for Governor
PHILADELPHIA, July 14.—Indictments charging conspiracy in making, printing and circulating false financial statements of the Standard Title and Trust company, of this city, were returned by the grand jury here yesterday against Homer L. Cusick, of Philadelphia, a former prohibition candidate for governor of Pennsylvania, and his associates in the promotion of the trust company, which never opened for business.

These indicted with Cusick are: Charles Hunter, Philadelphia; D. C. Massington of Philadelphia; N. J. Archer of Wilkes-Barre, Pa.; H. E. Reynolds of Philadelphia; and J. H. H. of Philadelphia.

The grand jury also returned indictments against Harry C. C. of New York, and Alfred S. K. of New York, and H. H. of New York, on charges of conspiracy in making, printing and circulating false financial statements of the Standard Title and Trust company, of this city, which never opened for business.

It is charged by the grand jury that the three indicted conspired to defraud the Standard Title and Trust company, of this city, of the sum of \$100,000, by making, printing and circulating false financial statements of the company, which never opened for business.

DEMOCRATIC LEADERS

Look For Great Gains in the Middle Western States

WASHINGTON, July 14.—Democratic leaders are basing their claims of carrying the middle western states on the remarkable manner in which the enormous pluralities piled up by Roosevelt have dwindled in recent elections.

They claim that in Indiana, for instance, practically nothing remains of the republican strength. In the congressional elections in this state two years ago the Roosevelt plurality of 50,000 was wiped out and the two parties broke about even. Only two democrats were elected to congress from Indiana to the Fifty-ninth congress when Roosevelt was elected. In 1906 the democrats elected four.

The nine republican members of congress elected from Indiana that year had pluralities ranging from 510 to 4786. The total of the republican pluralities in the nine districts carried by them was 15,316. The four democratic members chosen from Indiana in 1906 had pluralities ranging from 435 to 4241 and they totalled 972.

The latter subtracted from the total of the republican pluralities left the republicans a net plurality in the state of only 4391 two years after they had carried it in a presidential election by nearly 100,000.

DISGRUNTLED OVER FAIRBANKS

One reason the republicans are disgruntled in Indiana is that Fairbanks, the republican favorite son of the state for the presidential nomination, was ignored for both first and second place on the ticket, and his friends are sulking.

The republican candidate for governor, Representative Jim Watson, has a big labor fight on his hands. Mr. Bryan will probably make a whirlwind canvass of the state and Vice Presidential Candidate Kern is expected to get out at least the whole of the old line democratic vote.

In Illinois the tremendous plurality of 209,000 which Roosevelt received in 1904 has been cut in recent elections, though not as badly as in Indiana. Only one democrat was elected to the house from Illinois in 1904, the other 11 seats going to the republicans. To the 60th congress, chosen two years ago, the Illinois democrats returned five members.

The combined pluralities by which the 20 republicans were elected totalled 155,055, considerably less than half the plurality received by Roosevelt two years previously. The total of the pluralities by which the five democratic members of the house were elected was 15,316, leaving the republicans a net plurality in the state of 121,249 or not much more than one-third the Roosevelt plurality of two years previous.

COUNTING ON LABOR VOTE

Democratic leaders count on the solid labor vote in Illinois and on this, and the slump in the republican pluralities, base their claims of carrying the state. Mr. Bryan, according to information received here, will make a vigorous personal campaign in Missouri.

In 1900 the total vote of Missouri was 833,455 and in 1904 it was 613,341, a drop of 220,114 or more than 16 per cent greater than the plurality of 25,000 by which the state was carried by Roosevelt. This, it is claimed, was due to the fact that Mr. Bryan was not presidential candidate of the party. This showing has convinced the democrats that they can put Missouri back.

Apparently the republicans will go slow in opening the campaign in the battle ground of the West. Elmer Dyer, secretary of the republican committee left Washington yesterday for the coast of Maine for a vacation. He does not expect to take up his work at the Chicago headquarters, where, according to present plans, he will be located, until August 1.

Mr. Dyer will spend today in New York, where it is expected he will have his first conference with Chairman Frank H. Hitchcock. Plans of the campaign will be discussed by the two men.

visitor, but Nicholson, who got a good look at him, described him as a man about 21 years old, of medium complexion, five feet five inches tall, and weighing about 155 pounds. His features were partially concealed by a handkerchief.

The police think the man was a young fellow who was trying to emulate the heroes of "Wild West" stories.

109 YEARS OLD

PETER HULL WAS FORMERLY A SLAVE.

NEW LONDON, Conn., July 14.—Peter Hull, an ex-slave who was born at St. John, Florida, on March 23, 1799, died at his home here yesterday, aged 109 years. He came to this city with his parents and brothers and sisters about 65 years ago, after their freedom had been purchased by their own industry.

DODGES DEATH RAIN IS NEEDED

Boy Escapes For the Second Time To Extinguish the Forest Fires

BOSTON, July 14.—Twice within a year Fred Colucci, the 11-year-old son of Mr. and Mrs. John Colucci of 5 Chelsea street, Charlestown, miraculously escaped serious injury in a car accident near his home. He ran headlong into an inward-bound trolley on Jamaica Plain car and fell to the track.

With wonderful presence of mind he caught the fender of the car and held on. With his other hand he caught the fender and lifted himself on top of the motorman put on the brake hard and reversed the power with the utmost speed, bringing the car to a stop within a few yards from the spot where young Colucci fell.

Scores of bystanders and pedestrians were horrified at the sight of the lad clinging to the car fender, many of whom lost sight of him as the car sped along and these felt certain the boy would be crushed by the wheels. One of the spectators was made sick by the sight. When the car came to a stop the boy clambered to his feet, uninjured, and, turning to Switchman Fleming, exclaimed, "Say, Bill, don't you know me? I'm the fellow that was almost killed a year ago by the cars."

Hardly a scratch could be found on the lad's body.

GIRL ARRESTED

She is Held on Charge of Arson

RUTLAND, Vt., July 14.—Annie Rosen of West Rutland, aged 17, was sent to jail in default of \$2000 bail yesterday on the charge of arson.

The police say she has confessed to accepting a bribe of \$100 from John Piko, her father's business competitor, to fire her father's new \$3000 store building.

She made fourteen unsuccessful attempts before the annoyance was traced to her.

Piko denies having had any conversation with the girl.

The girl's father refused to go on her bond.

KILLED FATHER

Girl Did It to Protect Her Mother

DELMONT, N. J., July 14.—Enraged by family troubles, Ames Polihanus attempted to murder his wife and four children yesterday but was himself fatally shot by his daughter. Arriving at his home he seized a hatchet and struck Sarah, his 16 year old daughter, a glancing blow on the head, rendering her unconscious. At this juncture Helen appeared with the revolver and as the brute man started upstairs with the avowed purpose of killing his wife, who was lying in bed with a baby, Helen shot him in the neck. He made a dash for the girl, who shot again, the bullet taking effect in the abdomen.

EDITOR DEAD

GUSTAVUS ENGLISH CONNECTED WITH ASSOCIATED PRESS.

CHICAGO, July 14.—Gustavus P. English, news editor of the Associated Press in Chicago for fifteen years, died of heart disease a short time after reaching his home here from Denver last evening. Mr. English had assisted in reporting the democratic convention and when he arrived home last night he complained of feeling fatigued. An hour later he was dead. Mr. English, who was 62 years old, is survived by a widow and son, Albert A. English. He entered newspaper work about 20 years ago, being known in his younger days as one of the most expert shorthand reporters in the country.

SUNDAY GAMES

MAY BE PLAYED BY THE DETROIT TEAM.

DETROIT, Mich., July 14.—The supreme court in an opinion handed down yesterday at Lansing refused to review the decision of the Wayne county court denying a mandamus asked for by John Sweet of Detroit, to compel Police Commissioner Smith to stop Sunday baseball. The court holds that it is without jurisdiction in the case.

This decision apparently leaves the Detroit (American league) baseball management free to continue Sunday baseball.

YOUNG POSTULANTS

ENTER NOVITIATE OF THE MARIST ORDER.

Master Wilfred Lemire, 12 years old, son of Mr. and Mrs. Frank C. Lemire, of 17 Branch street, left yesterday for Poughkeepsie, N. Y., to enter the novitiate of the Marist order there, with the intention of becoming a Marist brother.

Two other boys, slightly older, also left yesterday with young Lemire, to enter the Marist novitiate at Poughkeepsie. They are Augustus Deschamps, 13, and Arthur Allard, 14. The three boys completed the grammar course at St. Joseph's college, together this June. Rev. Brother Priscillanus, director of St. Joseph's college, left with them for Poughkeepsie. In each case the parents of the young postulants gave their consent.

CHAS. M. SCHWAB COULD NOT SWIM

Says Steel Conditions are Better

NEW YORK, July 14.—Steel conditions look much better, according to Charles M. Schwab, who returned on Saturday from Europe, where he went in the interests of the Bethlehem steel corporation. In discussing the subject, he said:

"The outlook is more encouraging than it has been since the depression started. I look for gradual improvement but no sensational upturn for the better. I do not anticipate any change in steel prices in the near future."

"There is no truth whatever in the report that my trip abroad was identified in any way with formation of an international steel trust."

\$1,000,000 SUIT

Armstrong Gets After Western Roads

CHICAGO, July 14.—Suit for \$1,000,000, which sum the plaintiff says due him for counsel services rendered, was begun today against the Lake Shore & Michigan Southern Railway company, the Chicago, Indiana & Southern Railroad company, the Rock Island company, Robert Mather, Charles W. Hotchkiss and William C. Brown. The plaintiff in the suit is William Armstrong. He avers in his complaint that he purchased for the defendants properties formerly under the control of John R. Walsh, once president of the Chicago National bank, and now under prison sentence for violating the federal banking laws.

Glean E. Plumb, attorney of record in the suit said last night that his client is an attorney. Officials of the railroad companies involved in the suit as defendants assert that Armstrong was never employed as counsel by them so far as they know and they profess to be mystified by the suit.

THE LUMBERMEN

Do Not Expect a Profitable Season

BANGOR, Me., July 14.—Conditions of the first six months of 1908 forecast one of the least profitable seasons in more than a quarter of a century for the lumbermen of Maine. The market is flat and without life, the tidewater mills through the state with few exceptions are closed down and survey of lumber at the several ports the lowest of the first of a year since 1888.

LUMBER BURNED

A Fire at Rochester Caused \$125,000 Loss

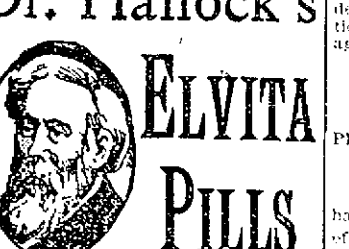

ROCHESTER, N. Y., July 14.—About \$125,000 damage was done last night by a fire that destroyed the plant of the Genesee Fruit company, in the northwestern part of the city in which, besides machinery, were stored cider, vinegar and grain. Ten cars of lumber also were destroyed. The loss is well covered by insurance.

ABANDON TOWNS

THAT WERE CAPTURED AFTER HARD FIGHTING.

PANAMA, July 14.—Word has reached here of the abandonment of the towns of Gracias and Choluteca by the Honduran revolutionists, which they captured by hard fighting. The opinion prevails here that President Zelaya has taken a hand in supporting President Delavie and the Honduran government against Salvador and Guatemala, both of which republics have been charged with aiding the revolutionists.

BROCKTON, July 14.—Lowell could do nothing with O'Toole yesterday and Brockton won, 5 to 0. O'Toole, by striking out 13 men, equalled his own New England record for the season. Brockton won by bunting hits off O'Toole. The all-around playing of McKernan and Magee were features. The

DIAMOND NOTES

Worcester plays here tomorrow.

It didn't take us long to get back into last place again.

It's time we were starting for the first division.

Brighter, breezier and better is the August number of Jake Morse's baseball magazine. This month's issue has very readable contributions from "Ere Elbertus" Hubbard, Rev. "Elly" Sunday, Rabbi Fiescher, Charles Somerville, "Perk," George M. Cohan, "The Yankee Doodle Boy" and Jake himself. No real fan should be without a copy.

Jesse Burkett and his braves will be the attraction at Washington park tomorrow, and there will be a game daily for the remainder of the week.

The Lowell team has taken a most commendable brace within the past week. There is no doubt about that. And yet we lose. Perhaps we're weak in the pitching department and need a couple of good pitchers.

It is understood that Lowell is to get a new catcher named Dorgan. Then the team will have three men behind the bat, and it will be the survival of the two fittest.

Wolfe is a great little player in spots, but in spots also he is not.

Dave Pickett's uniform that came all the way from Panama is still available at the Sun office.

Blackburn, the clever Worcester shortstop, is making a big hustle to join major league company by next season if he does not get there before that time. He is certainly playing whirlwind ball for Brockton. When Worcester was here last Blackburn said that he had a Lynn contract signed ready to return to him, Leonard, but that Connie Mack got a hold of him and advised him to go to Worcester. Blackburn thought that meant something for him from Mack in another year if he made good and so went to Worcester. He said that he was glad that he had done so, for he thought he would have had little chance up against Miller-Lynn item.

It is said today that there is a deal on which may shift players between Haverhill and Fall River. Tommy Gilroy has been suspended and fined by Fall River and he is all through there, he says, and is waiting at his home in Taunton for something to happen. It is said that this something is likely to occur tomorrow.

Plan for Summer Comfort

Don't add the heat of a kitchen fire to the sufficient discomfort of hot weather. Use a New Perfection Wick Blue Flame Oil Cook-Stove and cook in comfort. With a "New Perfection" Oil Stove the preparation of daily meals, or the big weekly "baking," is done without raising the temperature perceptibly above that of any other room in the house. If you once have experience with the

row evening, when Manager Hamilton of O'Brien of Fall River, the outcome of which is thought to be that Gilroy will go with Haverhill and Jimmy Barton and a Haverhill pitcher to go with Fall River. It is stated at Haverhill that Barney Reilly of this city has made such a hit with Hamilton that he will remain on second, and this lets Barton out. An effort is said to be also making in Haverhill to get a major league pitcher. Fulton has a sore arm, due to pitching, he thinks, in an ocean breeze at Lynn, and he is to have it electrically treated. Girard, another twirler, has an arm that is black and blue at the shoulder from being hit by a pitched ball.—Exchange.

LABELLE VS. UMPIRE.

Henry Labelle has had a run in with Joe O'Brien recently and the New Bedford Mercury relates it as follows:

Hereafter, if anybody in town feels a desire to commit assault and battery or an impulse to kill his fellow man let him hit himself to Athletic field, don a baseball suit, gather 500 or 600 people, and then start in. The baseball field is a sacred ground, and the laws of the commonwealth remain outside the fence. There have been four or five battles in the open air there this summer with policemen as witnesses and several hundred of the common people who might be summoned to let the justices of the court know just what happens, but there appears to be nothing doing. It is not only to the disgrace of the officials of the New England league that such a situation is tolerated, for the national game has degenerated into a free for all fight. "If you don't like the decision, punch the umpire," is the rule of play this season, and while it might seem to be a little diversion once in a while, as a regular diet it loses its flavor.

Labelle, once a pitcher, was the cause of the trouble yesterday. He was trying to pitch against the Lynn team, which by the way, won the races, it runs to 2, and he didn't have anything but a "hit the batter" ball. After making a wild pitch in the third inning, with three men on bases, he ran to the plate to take the ball nearly to the grand stand fence, and Elgie ran in from the third and slipped to the plate as prettily as if the way was greased. There was no doubt as to his safety, but Labelle tagged him after he reached the plate, and then threw the ball towards second base. Another runner scored, and then Labelle pitched into the umpire.

Mr. O'Brien backed away, and was not looking for trouble, but Labelle was looking around for something to use to hit the umpire with. He picked up a muck at first, and was prepared to execute the official with a bat when the players came to the rescue and led Labelle to the bench. The umpire obtained first blood, and came through without any marks of the fight.

In the meantime, Mrs. Labelle furnished additional excitement for the people in the grand stand by fainting when her husband flew into a rage. She was a pitiful picture standing with face against the grand stand netting, with her baby in her arms, shouting to her husband to stop fighting, but somebody took the child before she faints. The decision at the plate was fair, and no one is to blame for the situation except Labelle, both as regards the advantage which the Lynn team had and the mixup at the plate. He was in the game for two and two-thirds innings yesterday. In the first inning, Wallace knocked the ball over the right field fence for a home run. In the second Lynn had two bases filled, a two base hit, a single, and a batsman hit by a pitched ball, figuring, but did not score. In the third, there were two singles. Adler missed a grounder, Labelle hit a batter and gave another a base on balls and finished with a wild pitch and a walk. And then he made the effort to shift the blame to the umpire.

BASEBALL NOTES

There are outfielders and outfielders, but the Detroit outfield is easily the best for all around ability in the country.

The New York Nationals won two games and lost four in the west last week. That isn't an advancing percentage.

The Athletics have done most of their winning from eastern teams. If they had their victories over the west, they would be much nearer the top.

Ellerford is giving his Ed Swerney a chance behind the bat now that he is manager. The Kid won't be in the position of not knowing what his material can do.

Sam Crawford used to be a silent man, but now he's as much in the game with his voice as with his bat. He sings in from the outfield to the infield to keep on his toes.

The Detroit and Browns have been tied for first place for three consecutive days now, an unusual state of affairs for two teams at the top of the heap. They've been winning and losing simultaneously, mostly winning.

Not a few big league clubs would like to swap their pitching staffs, look, stock and farm for Patsy Denovan's Brooklyn box corps.

had a great deal to do with starting the talk about resigning.

Gov. Gillett of California in an address at a recent good roads convention at Stockton advocated that the Golden State build 300 miles of improved highways. His address was in part as follows:

"In my inaugural address I strongly advocated good roads. My opinion has not changed. It is merely talk and resolve we will accomplish nothing. We must decide upon a practical plan and get into harness and see that the plan is put into action and carried to successful completion. There are many rich countries in this state which can well afford to improve their highways. The south can afford it. Alameda can improve her highways, and you can do likewise.

"I am satisfied that the state can build 300 miles of good macadamized roads and never miss the money. We can construct highways from Redding to Los Angeles, another from Tehama to Valparaiso, from San Francisco to Los Angeles and on to San Diego. Every valley in the state can have its highway. With such a quantity of road construction the cost per mile will range from \$500 to \$200, costing the entire state but \$15,000,000.

"San Francisco recently voted \$100,000 for municipal improvements. Los Angeles raised \$500,000 for an improved water system. The people of the state would vote bonds for improved highways. The state cannot do it all, but it can vote for bonds and construct 300 miles and never feel the expense to be a burden. Let each county contribute its proportion of the interest on the money expended and the state may pay the principal. In this way no one will be loser."

BOXING GOSSIP

Because of the hot weather the eastern clubs have held up proposed boxing meetings, for the managers realize that the heat will prevent the sports from patronizing the shows, no matter how strong a card might be put out.

For that reason only two meetings of any account are to be held in the east this week, and they are to take place in Bangor and in New York, both to Tuesday night.

Link Russell and Harry Lewis, the rivals of the welterweight title, will clash in the feature bout in the Pine Tree state, and in the preliminaries three Boston boys will test their skill against Maine boxers, which ought to make the meeting an interesting one.

There is a bitter feeling between Russell and Lewis, and when they come together in the ring tonight the sports of Maine will probably see one of the most sensational contests that has taken place in that section for many years. They have already met a couple of times in Philadelphia and so exciting was the boxing that the spectators were on their feet most of the time. To win decisively over the other is the ambition of both, and they have been training hard with this object in view. Jack Flanagan, Kid McDonald and Tommy Dawson will clash with Maine boxers in the preliminaries.

The result of Tommy Murphy's bout with Dick Hyland in New York tonight will be awaited with much interest by the local fans, for should Hyland defeat Murphy the Armory A. A. of this city is apt to get someone else to meet Rudolph Holtz on July 25. Hyland has been well at present and will give Murphy a lot of trouble. Murphy is taking a chance, but he feels confident that he will not be a loser by it.

Holtz made a change in his training quarters Saturday, going to Frank O'Donnell's at Blackstone, which is a fine locality for a boxer in which to get into shape. Harry Edels will assist the Boer in preparing himself for the bout.

Men like Jeffries and Jack Welsh, the two best referees in California, were supposed to be case hardened to "knocks" handed out to them by those who were not pleased with their decisions, but it seems that both are so disturbed over the way they were criticised recently that they announce their intentions of severing all connections with the game.

The members of the new fight trust of San Francisco are more generous to each other than were those of the old trust. Promoter Gleason, who has the August permit, could not arrange a bout, so Promoter Marisch gave him the one he had made between Young Ernie and McFarland, as Marisch has got the Ketchel and Hugo Kelley contest for July 31. The bout between

FOR MORE PAVING

Street Committee Recommends a Loan of \$25,000

To Pave Middlesex Street—Would Rename Wiggville Concord Heights—Other Matters Were Considered

The street committee, last evening at its meeting voted to change the name of Wiggville to Concord Heights.

Councilman Wilde has been advocating the matter for some time on the authority of a petition signed by 160 residents of the district. Recently a public hearing was held on the matter and an opinion was received from the city solicitor advising against the change of name on account of the confusion that it would cause.

Councilman Wilde, however, moved that the name be changed and Councilman Boardman seconded the motion. Alderman Wilder and Councilman Baldwin were opposed.

Chairman Wilder asked just what Wiggville included. Mr. Wilde informed him that it was the section newly annexed to the city of Lowell and called Wiggville, the boundaries of which could not be clearly defined. He said that the old name would gradually die out, and he felt sure that the Boston & Maine railroad would be willing to change the name of the borough at its station; also, that the Boston & Northern Street Railway company would change the signs on its cars providing the city council voted to change the name of the section.

Alderman Butterworth suggested that the district be called "Wildeville" while Supt. Morse thought that "Wild Wiggville" would be better. Supt. Morse said that the railroad bridge in Wiggville was a menace to public safety. A great deal of the fire

apparatus could not get under the bridge, and in winter it was barely possible to get a back to go there. He said that something should be done immediately, inasmuch as the section is now a part of the city.

MIDDLESEX STREET PAVING.

The loan order recommending the borrowing of \$25,000 for the paving of Middlesex street from Central street to Garnet street on Middlesex street, with Belgium block paving like that laid on the lower part of Central street was considered. Supt. Morse favored the use of this paving. He said that the sum of \$25,000 would pay for the widening of the sidewalks on the northerly side of Middlesex street. The sidewalks would be made about nine feet in width. There would have to be a slight change in grade, a matter of four inches or so. It was voted to recommend the passage of the order.

The matter of a gravel bank was discussed and Supt. Morse was opposed to the purchase of the Carney property in Pawcuckville on account of its distance from the center of the city. The price, he said, is perfectly fair. He advocated the purchase of gravel at a bank beyond the city limits and stated that he would get a price from the owner by Saturday.

On the question of oiling the streets, Supt. Morse said that the owner of the oil company in question, or the agent, had written to him and had named the price of three cents per square yard for putting the oil on the streets. He favored a demonstration of the value of the oil on Andover or High streets. He also mentioned a trial of the committee to Malden, where a demonstration will be given on Thursday. The committee voted to go to Malden on that day.

TWO GUNS WERE CAPTURED

Lieut. Burr Was Slightly Wounded

MANILA, July 14.—Lieuts. Burr and Whitney commanding a detachment of the constabulary, attacked and stormed Cota, on the island of Mindanao which was occupied by the outlaw Uyan on Friday last. Fourteen of the outlaws were killed and two guns captured. Lieut. Burr was slightly wounded and one private was seriously wounded.

RESCUED THREE

Haverhill Man Proved Himself a Hero

HAVERHILL, July 14.—John and James Gaquin of Dexter street and William Cummings of Driscoll street, boys, were rescued from Little river by Cornelius Kelleher who made two trips from shore, fully dressed. It was several hours before they were thoroughly reanimated. The boys were swimming at the big tree on Little river and started for a small island up stream. On the return trip Cummings was seized with cramps and sank. The Gaquin boys turned to his assistance and both soon sank also. Kelleher swam quickly to the two Gaquin boys, took one by the neck and the other on his back and made his way to the shore. On being told of Cummings, he returned to the water and found him at the bottom of the river.

KILLED HIS WIFE

Miser Husband Then Shot Himself

ST. LOUIS, July 14.—Just as a Magyar gypsy in Hungary 20 years ago prophesied, Mrs. Eva Martini was shot and killed by her husband, Max Martini, in their home at 2341 Thrush avenue, yesterday. Martini then turned the revolver on himself and died instantly. Martini was 28 years old and his wife, tall, dark-eyed and brown-haired, two years younger. Although his wages were ample for the support of his family in their modest home, he was known to all who knew the Martinis as a man of miserly disposition.

Little Irene said her father killed her mother and himself because Mrs. Martini bought a house gown last week. "It only cost 30 cents," the child said, "and mama made it all herself. When papa found out about the dress he was awful mad and he fussed at mama all day Sunday and I heard him tell her he was going to kill her."

PLYMOUTH FIRE

The Town Was Seriously Threatened

PLYMOUTH, Mass., July 14.—This town was seriously threatened by forest fires yesterday and the entire fire department, with the exception of one hose reel left to guard the centre of the town, were they saved the outlying buildings only after heroic work was called out. Almost a panic was felt in the town.

Last night the town was filled with dense smoke, lit up by the lurid gleams of the fire barely held in check on the outlying village streets.

The fire first became dangerous at room, when, fanned by a brisk north-west wind, it approached the town from near the Kingston line. All the water in the cisterns have been exhausted by the bucket brigade, but their efforts were successful, for the fire went along the rear of the houses of the one street of the little settlement, backing up back fences, hen-houses and outbuildings.

From Oakbridge the flames swept into Royal street. At this point the engines were called out and wet down the houses.

QUEBEC LEADER

Is Accused of Bringing Alien Workers Here

BOSTON, July 14.—Charged with violating the alien contract labor law by providing employment in mills for two French Canadians, Hermadis Bellisle, a political leader in the Province of Quebec, was held in \$1500 bonds for a hearing on July 19 by United States Commissioner Hayes yesterday.

As it involves the legal problem of whether an agreement equivalent to a contract or a verbal contract can be considered a violation of the law, the case will be of great interest and importance.

Inspector John W. Dolan, who arrested Bellisle, felt satisfied that Bellisle had been lured upon, but Bellisle declared that without documentary evidence against him he was within his rights. Numerous other such perplexing questions are involved.

Under detention at the immigration headquarters are May Campbell and a tall, athletic youth, Oreste Cobran. Both are French Canadians, and came to the United States two weeks ago from the Province of Quebec.

They had no difficulty in passing the inspectors on the train. When asked pertinent questions about why they were coming to Uncle Sam's dominions they answered in such a straightforward way that they could not be suspected of violating the law.

It is alleged that immediately upon their arrival in Manchester, positions were ready for them. Manchester is a mill hamlet near Worcester, inhabited chiefly by alien workmen.

When asked how he happened to lift upon the two young French Canadians, when they made no complaints, Inspector Dolan was reticent, but he pointed out to a reporter Bellisle's record.

Bellisle is at present under \$1000 bail, secured two months ago on an indictment charging him with illegally importing several French families from Canada and locating them in Massachusetts mills.

He is 50 years old, and has become wealthy from the grocery business. He intends to fight the case, as he pleaded not guilty when arraigned by the United States commissioner yesterday. The developments of the case will be carefully watched, especially by labor unions.

FAIR TRAVELER GIRL PROPOSED

Was Met at Docks by Sleuths And the Man Accepted Her Proposal

AND PLACED UNDER ARREST

Charged With Being a Fugitive From Justice

BOSTON, July 14.—Deeked out in the very latest fashions of London, her wealth of fair hair surmounted by a dazzling English adaptation of the Merry Widow, trimmed in crimson, Miss Kate Foley, known to the passengers on the Cymric as Annie Henry, was confronted at the docks of the Clyde line yesterday morning by two headquarters detectives, charged with being a fugitive from justice.

Accompanying the detectives was Assistant Immigration Commissioner Hurley.

Miss Foley was marching down the gangway when Detectives Wolf and Loughlin drew her to one side and asked if she were not Kate Foley of Bolton, England.

The young woman indignantly said: "You have made some mistake. My name is Henry."

"She was moving away when one of the headquarters men laid his hand on her shoulder. 'I am afraid we have not made a mistake,' he said. 'We have a warrant for your arrest. You are Kate Foley, charged with the theft of \$349 from your employer, Bertha Heathcote, of Farnsworth, England.'

The woman maintained such a dignified manner that the detectives were almost convinced that they had made a mistake.

While the detectives were arguing and plying her with questions that only convinced them that they were wrong, Assistant Commissioner Hurley slipped away. Then he sauntered back.

"Why, hello, Kate," he exclaimed. "What is the matter?"

"Thinking that he was an old acquaintance, the woman in her confidence to him poured out her troubles, incidentally admitting to him her identity.

She became indignant when she learned that Mr. Hurley was a government official.

At police headquarters she openly admitted her identity, the officials say. They state that she mentioned having worked for families in the Back Bay, Brookline and New Haven, but would give no addresses.

FIRE UNDER CONTROL

It Swept Over 1800 Acres West Greenwich

PROVIDENCE, July 14.—Heretofore work on the part of scores of men proved successful last night in gaining the master hand and this morning the forest fire which has swept over about 1800 acres in West Greenwich is under control and practically extinguished. It was the most extensive fire in twelve years in this section but the same territory has been burned over so often in the past that the actual property loss is comparatively small.

FOREST FIRES

ARE STILL BURNING IN HANCOCK COUNTY.

ELLSWORTH, Me., July 14.—Hancock county has not escaped the forest fires which are devastating large sections of timber land throughout the state. Near North Bluehill a fire has been raging for two weeks and al-

ready has burned over 1000 acres of valuable woodland. The selectmen of Bluehill have a large crew of fighters at work night and day. Several houses are threatened. Smoke is reported from the vicinity of Franklin, Green Lake, W. Tremont, and Salisbury Cove in the county.

SLIGHT SHOWERS

HELPED FIREMEN IN BATTLE WITH FLAMES.

PLYMOUTH, July 14.—Hard work of the volunteer fire fighters aided several slight showers early today saved the buildings and forests in West Center district of the town from being leveled to the ground. The rain came in the form of a drizzle, spreading out in most places a foot or so in width. The fire at 12 a. today was still burning in spots was believed to be under control.

TO BUILD 10,000 SPINDLE MILL.

AUGUSTA, Ga., July 14.—It is expected that the construction will soon be started on the plant which was planned some time ago by the Cherokee mills of Griffin. The concern was formed the latter part of last year, to establish a plant of 10,000 spindles and 350 looms for the manufacture of cotton towels and blankets, but owing to poor financial conditions the enterprise has been delayed. The capital stock is \$200,000, and J. J. Mangham is president.

CHAFFEE MILL CLOSES.

HARTFORD, Conn., July 14.—The Chaffee Manufacturing company of Willimantic has closed down for a period of two weeks. They manufacture silk braids and fish lines. Up to within a week ago the company has been running full time right through the business depression, and until recently the orders have been kept up. The business has dropped off now and it will close, as it has considerable stock on hand.

DENTER YARN CO. BUILDING ADDITION.

PAWTUCKET, R. I., July 14.—Work was begun today on the extension which the Dexter Yarn Co., is to build on the latter room structure in the rear of its plant Broadway. The building projects over the Pawtucket river and the roof has been removed in order to permit the construction of two additional floors. A quantity of new machinery will be installed, and additional help employed. The yarn company now employs 200 operatives.

BODY EXHUME

Officials Think Woman Was Poisoned

PATERSON, N. J., July 14.—body of Mrs. Fannie Tapack was exhumed yesterday afternoon from Vermulden cemetery, Bergen county and taken to a morgue in this city where an autopsy was performed. County Physician Armstrong of Paterson, Dr. Victor Bullen of Paterson, Dr. Samuel Silverstein of New York city. The stomach and intestines were taken to Bellevue hospital, New York.

It is believed that a definite report is not made for a week or ten days.

Mrs. Tapack died on Saturday, July 11 at 3 o'clock in the morning and was buried at 2 in the afternoon. She was insured for \$6000 not more than six months ago by her son Louis, who was on \$3000 bail pending appeal from a three-year sentence for robbery. In the insurance policy Mrs. Tapack's age is given as 55. It is supposed that she was nearer 70 when policy was issued.

Louis Tapack said yesterday that the quick burial of his mother was due to the fact that no funerals could be held on Sunday in Paterson, owing to the flat of the Coach Drivers' union and because it is the custom of Jews to bury their dead on the day following death. The family does fear an investigation, the son says.

BLIGHTED LOVE

Blamed For Suicide of Young Man

MERRITT MCARTHUR SHOT HIMSELF

Woman He Loved Lives in Waltham

BOSTON, July 14.—Merritt A. McArthur, 28 years old, unmarried, a lodger in the house 273 Princeton street, East Boston, committed suicide in his room some time between 6:30 yesterday morning and 5:45 yesterday afternoon by shooting himself in the head. Dependence over a love affair is believed to have been the cause of the young man taking his life.

He was a native of Amherst, N. S., where his father, Artemas McArthur, now resides, and it is said that the youngest McArthur was in love with a young woman of that place who recently came to live in Waltham.

It is said that Mr. McArthur was engaged to be married to her about two years ago, but a quarrel ensued, and since then he had become dependent. He roomed with Robert W. Lytle, and

ELKS' MEETING

Detroit and Los Angeles Want It

DALLAS, Tex., July 14.—With the air tempered by last night's storm to the south, Dallas lodge and chairman of the executive committee, delivered the address of welcome on the part of the executive committee.

Soe Charles A. Culberson, Mayor Stephen Hanna of Dallas, John H. Kirby, president of the Texas association, and Governor Campbell of Texas also delivered welcoming addresses. John Tener, grand exalted ruler of Charlestown, Pa., responded on the part of Elks.

Detroit and Los Angeles are apparently the only two aspirants for the 1909 convention.

In almost every place where a banner can be stuck up there appears a big sign, "Life is worth living in Detroit," and in addition each representative of that city is talking of its advantages.
